## RESUME

### **Personal Information's:**

Name	:	J. Saral
Father's Name	:	B. Joseph
Date of Birth	:	02.01.1984
Gender	:	Female
Marital Status	:	Single
Nationality	:	Indian
Religion	:	Christian
Languages Known	:	Tamil and English
Permanent Address	:	J. Saral, D/o B. Joseph, Raj Nagar, Second Street, North side of New Bus stand, Perambalur – 621212 Cell: 99408 21054.
E-mail ID	:	saral2184@gmail.com

**Educational Qualifications:**

<b>COURSE</b>	<b>BOARD/ UNIVERSITY</b>	<b>NAME OF THE INSTITUTION</b>	<b>MONTH &amp; YEAR OF PASSING</b>	<b>% OF MARKS</b>
Ph. D.,	Kalasalingam University	n-CARDMATH Research Center, Kalasalingam University, Krishnankoil.	Doing	
M.Phil., Mathematics	Bharathidasan University	St. Joseph's College, Trichy.	Sep 2008	93
M.Sc., Mathematics	Bharathidasan University	School of Mathematics and Computer Science, Bharathidasan University, Trichy	May 2007	81.38
B.Sc., Mathematics	Bharathidasan University	Thanthai Hans Roever College, Perambalur.	May 2005	87.25
H.S.C	State Board	St. Dominic Girls Hr, Sec. School, Perambalur.	Mar 2001	82
S.S.L.C	State Board	Annai Eva Marie Koch Girls High School, Thuraimangalam, Perambalur	Mar 1999	94

**Area of Interest:**

- Graph Theory
- Algebra
- Complex Analysis

### **Competitions Participated and Won:**

- Participated in National Quiz, Awakening Indians to India, conducted by All India Chinmaya Yuva Kendra, the youth wing of Chinmaya Mission on Jan 2004.
- Participated in Quiz as a part SESQUICENTENARY MATHEMATICAL OLYMPIAD organized by The Mathematics Association, St. Joseph's College, Trichy on 17<sup>th</sup> Mar 2004.
- Participated in the inter department Quiz Competition organized by Department of English, Thanthai Hans Roever College, Perambalur on 10<sup>th</sup> Mar 2004.
- Won First Prize in the inter collegiate Quiz Competition organized by Department of Mathematics, Adaikalamatha College, Thanjavur on 2005.
- Participated RDD Mathematics Olympiad-2005, organized by RDB Institute of Mathematical Science, Papanasam on 29<sup>th</sup> Jan 2005.
- Participated and Won Second Prize in Written Test, Quiz and Surprise Event as a part SESQUICENTENARY MATHEMATICAL OLYMPIAD organized by The Mathematics Association, St. Joseph's College, and Trichy on 17<sup>th</sup> Feb 2005.
- Won Second Prize in Essay Writing Tamil organized by Thanthai Hans Roever College, Perambalur on 2006.
- Won Third Prize in Quiz as a part SESQUICENTENARY MATHEMATICAL OLYMPIAD organized by The Mathematics Association, St. Joseph's College, Trichy on 28<sup>th</sup> Feb 2007.
- Won Second Prize in Master Mind (Written) –MATRO QUIZ organized by Department Mathematics, Thanthai Hans Roever College, Perambalur on 2007.
- Participated in State Level Quiz Contest for PG Students in Mathematics organized by Alagappa University, Karaikudi on 14<sup>th</sup> Mar 2007.

### **Seminars and Workshop Attended:**

- Attended the summer school in Algebra and its applications conducted by the Department of Mathematics, Alagappa University, Karaikudi from 22<sup>nd</sup> May to 9<sup>th</sup> June 2006.
- Attended the one day seminar on E-learning Resources for Academic Research held on 2<sup>nd</sup> Feb 2008 organized by St. Joseph's College, Trichy.

- Attended the Instructional Workshop on Graph Theory organized by the Department of Mathematics, Annamalai University during from 29<sup>th</sup> Dec 2009 to 11<sup>th</sup> Jan 2010.
- Attended the Platinum Jubilee 75<sup>th</sup> Annual Conference of the Indian Mathematical Society organized by n-CARDMATH, Kalasalingam University during Dec 27-30, 2009.
- Attended the Instructional Workshop on Graph Algorithms organized by n-CARDMATH, Kalasalingam University during Feb 17-24, 2010.
- Attended the Workshop on Introduction to Graph Algorithms organized by n-CARDMATH, Kalasalingam University during Feb 3-6, 2010.
- Attended the Instructional Workshop on Graph Colorings organized by n-CARDMATH, Kalasalingam University during Mar 10-15, 2010.
- Attended the Instructional Workshop on Mathematical Modeling and Simulation organized by n-CARDMATH, Kalasalingam University during July 07-14, 2010.
- Attended the 23<sup>rd</sup> International Workshop on Combinatorial Algorithms (IWCA 2012) organized by n-CARDMATH, Kalasalingam University during July 19-21, 2012.
- Attended the National Conference on Theoretical Computer Science and Discrete Mathematics (NCTCSDM 2012) jointly organized by n-CARDMATH, Kalasalingam University and Department of Computer Science, Ball State University, Muncie, USA during Jan 09-11, 2012.
- Attended the one day seminar on Advances in Gamma spectrometry using Photomultipliers organized by n-CARDMATH, Kalasalingam University on 18<sup>th</sup> Sep 2012.
- Attended the International Workshop on Domination in Graphs organized by n-CARDMATH, Kalasalingam University from 27<sup>th</sup> Jan to 1<sup>st</sup> Feb 2014.
- Attended the International Workshop on Graph Labeling Problems organized by n-CARDMATH, Kalasalingam University from Feb 5-11, 2014.
- Attended the International Workshop on Graph Theory and its Applications to Visual Cryptography organized by n-CARDMATH, Kalasalingam University from Mar 10-15, 2014.

#### **Awards Won:**

- District first mark holder in Tamil (96) in 10<sup>th</sup> standard.
- University Rank Holder in UG (6<sup>th</sup> rank).
- Best student award winner in UG.

**Papers Presented:**

- Presented a Paper entitled “Decomposition of bipartite graphs arising in cellular manufacturing systems” at the International Workshop on Graph Algorithms (IWGA 2015) held on May 13, 2015 at Universiti Sains Malaysia (USM), Penang, Malaysia, organized by the School of computer Science, USM

**Technical Qualifications:**

- Typewriting (Both Tamil and English - Higher)

**Computer Skills:**

- Operating System : Ms-Dos, Windows, DTP
- Programming Language: C- Programming

**Extra-Curricular Activities:**

- Attended 10 days NSS camp held at Fathimapuram.

**Teaching Experience:**

- Working as a Lecturer in Thanthai Hans Roever College, Perambalur during 2008 – 2009.
- Working as a Lecturer in Roever College of Engineering and Technology, Perambalur during June 2009 – November 2009.

I hereby declared that the above said informations are true to the best of my knowledge.

**DEPARTMENT OF MATHEMATICS  
WORKSHOP ON “MATHEMATICA”**

**3<sup>RD</sup> JUNE 2020**

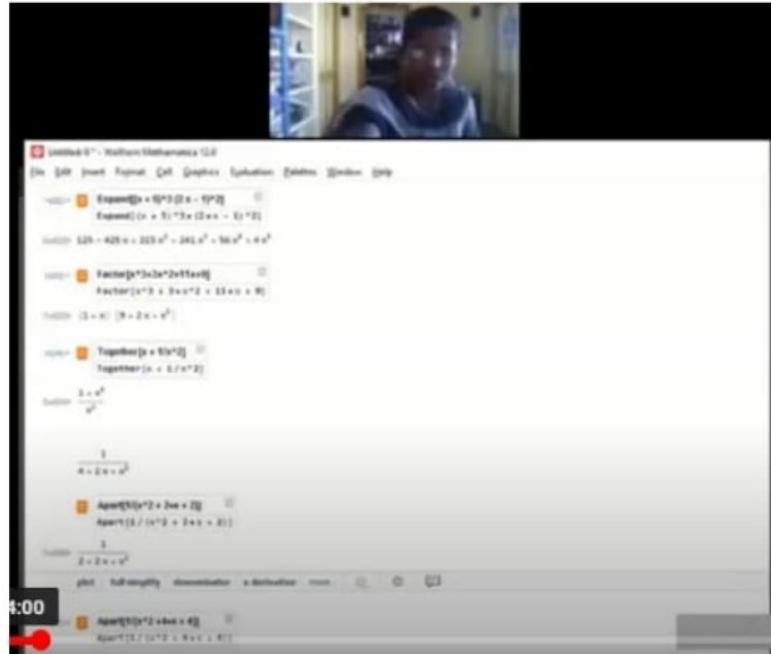

**DYNAMICS OF THE WORKSHOP**

Mathematics, rightly viewed, possesses not only truth, but supreme beauty-a beauty cold and austere, like that of sculpture, without appeal to any part of our weaker nature, without the gorgeous trappings of painting or music, yet sublimely pure, and capable of a stern perfection such as only the greatest art can show. The true spirit of delight, the exaltation, the sense of being more than Man, which is the touchstone of the highest excellence, is to be found in mathematics as surely as poetry. Mathematical beauty is the aesthetic pleasure typically derived from the abstractness, purity, simplicity, depth or orderliness of mathematics. Mathematicians often express this pleasure by describing mathematics as beautiful. To explore the beauty of Mathematics,

Dr. Saral Joseph, Department of Mathematics, Dr. MGR Janaki College, will deliver her lecture on the topic “Mathematica”

We look forward to getting an exposure about what the best of brains think about the Elegance of Mathematics.

Sub: Inviting for a Webinar on "Importance of Dance and Music in education": June 7th 2020

Respected Madam,

Begun with the pioneering leadership of Padma Bhushan Dr. Padma Subrahmanyam, inspiration and guidance, the Department of Natya at Dr. MGR-Janaki College of Arts and Science for Women, has been growing from strength to strength for past many years. Today we have a large number of students who leave the college with poise and confidence when they finish their course with us, receiving training in Natya as a holistic form.

We have been organizing National and International Seminars every year in which researchers and experts in the fields of music, dance and yoga share their perspectives. This year we are planning a Webinar, "Importance of Dance and Music on Education" wherein senior professors in this field will be presenting their talks.

We would be greatly privileged to receive your inaugural address for this webinar and request you to kindly inaugurate the conference. Your words of wisdom will be a great learning for our students and participants.

Thanking you,  
With warm regards,

Dr. Sujatha Mohan  
Head, Department of Natya

## **Dr. MADURAI R. MURALIDHARAN**

Kalaimamani Shri Guru Madurai R. Muralidaran is an acclaimed dance Guru (teacher), composer, dancer, choreographer, lyricist, playwright and director best known for his large body of modern compositions for Bharatanatyam dancers and his many elaborate dance musical productions. His works explore the complexities of Bharathanatyam theory and rhythms while remaining accessible and appealing to a modern lay audience.

Sri Muralidaran has been the creative director in charge of music, choreography, script and effects for several large-scale dance musicals. His productions, incorporating both dance and drama, are based on both traditional Hindu mythology as well as stories from ancient and contemporary Tamil literature.

In November 2009, he debuted *Silapathigaram*, a production based on the classic Sangam Tamil epic by Ilango Adigal, and which has since been performed worldwide from the US to New Zealand. He is the first person to depict Amarar Kalki's historic thriller *Sivakamiyin Sabadam* on stage in his 2013 large-scale production lauded by *The Hindu* as a "zero-error show". His other large-scale productions include *Yagnaseni* (based on the story of Draupadi from the Mahabharata), *Avadhara Purushan* (based on the Kamba Ramayana), and *Yadhava Madhava* (based on the story of Krishna). His production *Karna*, centered on the generous yet flawed anti-hero of the Mahabharata, which debuted in Chennai in April 2018.

Muralidaran has consistently been involved in helping raise funds for the organization Vision Aid, based in Boston, Massachusetts. His productions in support of Vision-Aid, *Krishna* (2009), *Justice of the Anklet* (2010), *Slaying of the Demons* (2012), *The Dancer's Pledge* (2014), *The Iconic Avatar* (2016), *Charmer, Warrior, Guide* (2017), *Golden Armor, Golden Heart* (2018), *Invincible Spear* (2019), *The Seven Selfless Sovereigns* (2021), *The Jewel of Justice* (2022), and *Vaayu Putra - The Son of the Wind* (2023) were received well by all in the area.

The *Seven Selfless Sovereigns* saw Muralidaran handling multiple aspects of production. He conceptualized the production, composed the music, wrote the lyrics, choreographed items, created all graphic design elements and visuals, and directed and edited the pieces. Again with *The Jewel of Justice*, Muralidaran handled all the aspects of production.

In 2022, Muralidaran returned to world tours after being unable to during pandemic. He conducted in person workshops around the USA and also presented some of his theatrical productions. In July 2022, his large scale Tamil Sangam poetry production was presented for FETNA at their convention in New York by high caliber dancers hand-picked by Muralidaran himself. These dancers including his senior disciples, students of teachers that had trained under his guidance, and students who have never met him in person but had been training intensely with him online. His well-known production, *Karna*, was presented in Texas in September, while the Tamil Sangam production had an encore presentation in Texas. In December 2022, Muralidaran staged his Tamil Sangam production at three major events in India - (1) Bharat Kalachar, (2) Tamil Tourism program, and (3) Karthik Fine Arts Center.

July 23, 2023 Muralidaran staged the premiere of his production, "*Vaayu Putra - The Son of the Wind*" in Littleton, MA to a packed audience. All praised the production for its dances, acting, visuals, and beyond. Muralidaran himself played the titular character of Hanuman. The show was then staged in Toronto, Canada as well as Edison, New Jersey.

**REPORT ABOUT THE WEBINAR**

The Department of Natya has conducted an International Webinar on Importance of Dance and Music in Education on June 7<sup>th</sup>. It was indeed a wonderful experience in knowing the intricacies of the research field through music and dance. The Scholars made their inputs in a very detailed manner which acted as a eye-opener for the budding researchers.

Madurai R. Muralidharan sir explained about the various aspects of music and dance and their concept of incorporating in practical perspectives. He also addresses many questions of pointing how to make a choreography and how to compose a song relating to our current scenarios. Overall it was a wonderful experience in knowing about the various components of music and dance and their relations.

**ALUMNI LECTURE SERIES**

**"Opportunities in Biosciences"**

**25<sup>th</sup> - 30<sup>th</sup> MAY 2020 (5 - 6 pm)**

**Ms. R. DEEPA**  
Research Scholar  
Cancer Institute, Chennai, India  
"Antipathogenic activity of a probiotic *E. coli* strain"  
25/05/2020

**Ms. VISHNUPRIYA**  
Associate Researcher  
National Institute For Research  
In Tuberculosis, Chennai, India  
"Nanosciences in therapeutics and theronostics"  
28/05/2020

**Ms. RAMANI SUNDARAM**  
Team Lead- Research, Training & Development  
Nightingales Medical Trust  
Bangalore, India  
"Avenues in Socio-Clinical Care Research -from a Neuroscience perspective"  
26/05/2020

**Ms. SATARUPA MUKHERJEE**  
Engineer- Technical communication  
Siemens Healthineers  
Bangalore, India  
29/05/2020

**Ms. SUKANYA SHYAMA SUNDAR**  
Research fellow  
National University of Singapore, Singapore  
"How to plan and choose a career"  
27/05/2020

**Ms. SAHAJA AIGAL**  
Postdoctoral Researcher  
Institute of Medical microbiology, Virology and Hygiene, University Clinic Hamburg- UKE, Germany  
30/05/2020

**Ms. DEEPTHY PAVANI**  
Research Fellow  
Belfast Metropolitan College, UK  
"Guidance to stay and study in UK"  
27/05/2020

**Ms. SAI DIPIKAA AKSHINTHALA**  
Senior research Associate, Beth Israel Deaconess Medical Center, Harvard Medical School (Boston, USA)  
"Overview of Research and various avenues in Life sciences"  
30/05/2020

**Note: Open to final year undergraduate students**

**No Registration fee**

**E-certificates will be provided to all the participants after filling the feedback form**

**Mail id: mjc.bio@gmail.com, mjcemicro@gmail.com**

## PROGRAM SCHEDULE

Department of Biochemistry, Microbiology, PG Departments of Applied Microbiology and Bioinformatics & Clinical Trial Management

### ALUMNI LECTURE SERIES

“Opportunities in Biosciences”

25<sup>th</sup> - 30<sup>th</sup> MAY 2020 (5 - 6 pm)

<b>Ms. R. DEEPA</b> Research Scholar Cancer Institute, Chennai, India “Antipathogenic activity of a probiotic <i>E.coli</i> strain” 25/05/2020	<b>Ms. VISHNUPRIYA</b> Associate Researcher National Institute For Research In Tuberculosis, Chennai, India “Nanosciences in therapeutics and theronostics” 28/05/2020
<b>Ms. RAMANI SUNDARAM</b> Team Lead- Research, Training & Development Nightingales Medical Trust Bangalore, India “Avenues is Socio-Clinical Care Research – from a Neuroscience perspective” 26/05/2020	<b>Ms. SATARUPA MUKHERJEE</b> Engineer- Technical communication Siemens Healthineers Bangalore, India 29/05/2020
<b>Ms. SUKANYA SHYAMA SUNDAR</b> Research fellow National University of Singapore, Singapore “How to plan and choose a career” 27/05/2020	<b>Ms. SAHAJA AIGAL</b> Postdoctoral Researcher Institute of Medical microbiology, Virology and Hygiene, University Clinic Hamburg- UKE, Germany 30/05/2020
<b>Ms. DEEPTHY PAVANI</b> Research Fellow Belfast Metropolitan College, UK “Guidance to stay and study in UK” 27/05/2020	<b>Ms.SAI DIPIKAA AKSHINTHALA</b> Senior research Associate, Beth Israel Deaconess Medical Center, Harvard Medical School (Boston, USA) “Overview of Research and various avenues in Life sciences” 30/05/2020

**Dr. MGR-JANAKI COLLEGE  
OF ARTS & SCIENCE FOR WOMEN**

SATHYABAMA MGR MALIGAI  
11 & 13, Durgabai Deshmukh Road, Raja Annamalai Puram, Chennai - 600 028

Affiliated to the University of Madras

**Web/Circular/2020**

**Date: 21st May 2020**

The Department of Biochemistry and Bioinformatics is organizing a National Webinar on  
“ALUMNI LECTURE SERIES “OPPORTUNITIES IN BIOSCIENCES” from 25<sup>th</sup> May 2020 to  
30th May 2020 from 5pm to 6pm. Kindly inform the students to register for the National webinar.

HOD

PRINCIPAL

**Dr. MGR-JANAKI**

**COLLEGE OF ARTS AND SCIENCE FOR WOMEN**  
"EXCELLENCE THROUGH DILIGENCE"

11 & 13, Durgabai Deshmukh Road, Chennai, Tamilnadu, India - 600028  
Departments of Biochemistry, Microbiology, PG Departments of Applied Microbiology and Bioinformatics & Clinical Trial Management

**ALUMNI LECTURE SERIES**  
"OPPORTUNITIES IN BIOSCIENCES"

**KEY SPEAKER**  
**MS. R DEEPA**  
 RESEARCH SCHOLAR,  
 CANCER INSTITUTE.  
 (2012-2015 BATCH)  
 MONDAY, MAY 25, 5.00PM-6.00PM

**Ms. R Deepa** Research Scholar,  
Cancer Institute.

Doctor of Philosophy - PhD, Genomics & Molecular Oncology - completed her under graduation from the Department of Microbiology, Dr MGR Janaki college of arts and science for women, Chennai and post graduation Madurai Kamaraj University Master of Science Genome Sciences/Genomics - her credit numerous publications in esteemed international and national journals. Identification of novel dysregulated circular RNAs in early-stage breast cancer Genome-wide methylome pattern predictive network analysis reveal mesenchymal stem cell's propensity to undergo cardiovascular lineage Experimental and Computational Approaches for Non-CpG Methylation Analysis Non-CpG methylation—a key epigenetic modification in cancer DNA methylation microarray uncovers a permissive methylome for cardiomyocyte differentiation in human mesenchymal stem cells.

**Dr. MGR-JANAKI**

**COLLEGE OF ARTS AND SCIENCE FOR WOMEN**  
"EXCELLENCE THROUGH DILIGENCE"

11 & 13, Durgabai Deshmukh Road, Chennai, Tamilnadu, India - 600028  
Departments of Biochemistry, Microbiology, PG Departments of Applied Microbiology and Bioinformatics & Clinical Trial Management

**ALUMNI LECTURE SERIES**  
"OPPORTUNITIES IN BIOSCIENCES"

**KEY SPEAKER**  
**MS. RAMANI SUNDARAM**  
 (2005 - 2008 BATCH)  
 TEAMLEAD-RESEARCH,  
 TRAINING & DEVELOPMENT, NIGHTINGALES  
 MEDICAL TRUST, BANGALORE  
 TUESDAY, MAY 26, 5.00PM - 6.00PM

**Ms. Ramani Sundaram**

Ms. Ramani Sundaram is a dedicated neuroscience professional with six years of expertise in dementia care and management. She has lead the Research, Training & Development in Nightingales Medical Trust, Bangalore. Her pioneering work contributes towards Client management and retention, designing marketing content and presentation for fund raising, designing and managing a telemedicine enabled dementia residential care facility, training of nurses, doctors, paramedics and caregiver in dementia care and management, designing and managing activity centre for senior citizens and day care for people with dementia and conducting neuropsychological assessment for people with dementia. She is extensively trained in project management, analysis and planning.

**Dr. MGR-JANAKI**

**COLLEGE OF ARTS AND SCIENCE FOR WOMEN**  
"EXCELLENCE THROUGH DILIGENCE"

11 & 13, Durgabai Deshmukh Road, Chennai, Tamilnadu, India - 600028  
Departments of Biochemistry, Microbiology, PG Departments of Applied Microbiology and Bioinformatics & Clinical Trial Management

**ALUMNI LECTURE SERIES**  
"OPPORTUNITIES IN BIOSCIENCES"

**KEY SPEAKER**  
**MS. SUKANYA SHYAMA SUNDAR**  
 (2002-2005 BATCH)  
 RESEARCH FELLOW  
 NATIONAL UNIVERSITY OF SINGAPORE  
 WEDNESDAY, MAY 27, 5.00PM - 6.00PM

**Ms. SUKANYA SHYAMA SUNDAR**

Ms. SUKANYA SHYAMA SUNDAR is a dedicated Research fellow National University of Singapore. completed her under graduation from Department of Microbiology in Dr MGR Janaki college of arts and science for women, Chennai. and post graduation from the Sri Ramachandra university in human genetics. she has to her credit numerous publications in esteemed international and national journals. Hybridoma Generation by In Vitro Immunization of Murine Splenocytes with Cytosolic Proteins of Chinese Hamster Ovary (CHO) Mitotic Cells, Analysis of Epigenetic Factors in Mouse Embryonic Neural Stem Cells Exposed to Hyperglycemia, Frontiers in research on maternal diabetes-induced neural tube defects: Past, present and future, miR-128 Regulates Genes Associated with Inflammation and Fibrosis of Rat Kidney Cells In Vitro.

**Dr. MGR-JANAKI**

**COLLEGE OF ARTS AND SCIENCE FOR WOMEN**  
"EXCELLENCE THROUGH DILIGENCE"

11 & 13, Durgabai Deshmukh Road, Chennai, Tamilnadu, India - 600028  
Departments of Biochemistry, Microbiology, PG Departments of Applied Microbiology and Bioinformatics & Clinical Trial Management

**ALUMNI LECTURE SERIES**  
"OPPORTUNITIES IN BIOSCIENCES"

**KEY SPEAKER**  
**MS. DEEPTHY PAVANI**  
 (2008- 2010 BATCH)  
 RESEARCH FELLOW BELFAST METROPOLITAN  
 COLLEGE, UK  
 WEDNESDAY, MAY 27, 5.00PM - 6.00PM

**Ms. DEEPTHY PAVANI**

Ms. DEEPTHY PAVANI Research Fellow Belfast Metropolitan college, UK. she completed her under graduation and post graduation from the Department of Microbiology, Dr MGR Janaki college of arts and science for women, Chennai. She initially started her career as a Microbiology Intern in Vijaya Hospital Blood Bank, Chennai. her Research Projects are "Screening of Plant Growth Promoting Potential of Salt Tolerant Rhizobacteria Isolated from Thiruvanniyur Beach, Tamil Nadu, India", "Detection of Alpha - Haemolysin and Aerobactin in Escherichia Coli Causing UTI Among HIV and Non-HIV Patients". Ms. DEEPTHY PAVANI has to her credit n publications in esteemed international and national journals "Screening of plant growth promoting potential of salt tolerant rhizobacteria isolated from halophytes of Thiruvanniyur beach, Tamilnadu". J.Sci. Trans. Environ.

## Dr. MGR-JANAKI

**COLLEGE OF ARTS AND SCIENCE FOR WOMEN**  
"EXCELLENCE THROUGH DILIGENCE"

11 & 13, Durgabai Deshmukh Road, Chennai, Tamilnadu, India - 600028  
Departments of Biochemistry, Microbiology, PG Departments of Applied Microbiology and Bioinformatics & Clinical Trial Management

**ALUMNI LECTURE SERIES**  
"OPPORTUNITIES IN BIOSCIENCES"

**KEY SPEAKER**  
**MS. VISHNUPRIYA,**  
(2008- 2010 BATCH)  
ASSOCIATE RESEARCHER NATIONAL INSTITUTE  
FOR RESEARCH IN TUBERCULOSIS, CHENNAI,  
THURSDAY, MAY 28, 5.00PM - 6.00PM

**Ms. VISHNUPRIYA**

Ms. VISHNUPRIYA, Associate Researcher National Institute For Research in Tuberculosis, Chennai. she completed her under graduation in Zoology, Quide-E-Milleth Govt College and post graduation from the Department of Bioinformatics, Dr MGR Janaki college of arts and science for women, Chennai. Doctorate of Philosophy, Biotechnology, Centre for Biotechnology, Anna University, Chennai. She initially started her career as a Associate Researcher. Ms. VISHNUPRIYA has to her credit n publications in esteemed international and national journals Phylogenetic diversity and metabolic potential of bacteria isolated from deep-sea sediments of Bay of Bengal and the Andaman Sea. Indian Journal of Experimental Biology Antimicrobial potential and taxonomic investigation of plezo- tolerant Streptomyces sp. NIOT-Ch-40 isolated from deep-sea sediment. World Journal of Microbiology and Biotechnology.

## Dr. MGR-JANAKI

**COLLEGE OF ARTS AND SCIENCE FOR WOMEN**  
"EXCELLENCE THROUGH DILIGENCE"

11 & 13, Durgabai Deshmukh Road, Chennai, Tamilnadu, India - 600028  
Departments of Biochemistry, Microbiology, PG Departments of Applied Microbiology and Bioinformatics & Clinical Trial Management

**ALUMNI LECTURE SERIES**  
"OPPORTUNITIES IN BIOSCIENCES"

**KEY SPEAKER**  
**MS. SATARUPA MUKHERJEE**  
(2009- 2014 BATCH)  
ENGINEER TECHNICAL COMMUNICATION,  
SIEMENS HEALTHINEERS, BANGALORE  
FRIDAY, MAY 29, 5.00PM - 6.00PM

**Ms. SATARUPA MUKHERJEE**

Ms Satarupa Mukherjee, Engineer Technical communication, Siemens Healthineers, Bangalore completed her under graduation and post graduation from the Department of Microbiology, Dr MGR Janaki college of arts and science for women, Chennai. She initially started her career as a language editor at TNQ books and journals and then joined Dr JIRKS research and pharmaceuticals as an Executive research associate in the department of microbiology. Ms Satarupa Mukherjee has to her credit numerous publications in esteemed international and national journals.

## Dr. MGR-JANAKI

**COLLEGE OF ARTS AND SCIENCE FOR WOMEN**  
"EXCELLENCE THROUGH DILIGENCE"

11 & 13, Durgabai Deshmukh Road, Chennai, Tamilnadu, India - 600028  
Departments of Biochemistry, Microbiology, PG Departments of Applied Microbiology and Bioinformatics & Clinical Trial Management

**ALUMNI LECTURE SERIES**  
"OPPORTUNITIES IN BIOSCIENCES"

**KEY SPEAKER**  
**MS. SAHAJA AIGAL**  
(2005- 2008 BATCH)  
POSTDOCTORAL RESEARCHER INSTITUTE OF  
MEDICAL MICROBIOLOGY, VIROLOGY AND  
HYGIENE, UNIVERSITY CLINIC HAMBURG- UKE,  
GERMANY  
SATURDAY, MAY 30, 5.00PM - 6.00PM

**Ms. SAHAJA AIGAL**

Ms. SAHAJA AIGAL Postdoctoral Researcher Institute of Medical microbiology, Virology and Hygiene, University Clinic Hamburg- UKE, Germany. she completed her under graduation in Department of Biochemistry Dr MGR Janaki college of arts and science for women, Chennai and post graduation from the University of Madras. Doctorate of Philosophy, Max-Planck Institute of Immunobiology and Epigenetics Freiburg, Germany. Ms. SAHAJA AIGAL has to her credit n publications in esteemed international and national journals, Annette Brandel, Daniel Fisch, Alessia Landi and Winfried Römer, Flotillin-1 determines the fate of Pseudomonas aeruginosa lectin LecA within the mammalian host cell, Annette Brandel, Roland Thuenauer, Sophie de Bentzmann, Anne Imberty, and Winfried Römer The Pseudomonas aeruginosa lectin LecA triggers host cell signalling by glycosphingolipid-dependent phosphorylation of the adaptor protein Crkl. BBA- Molecular Cell Research, "Reactivation of silver metal particle-based antimicrobial compositions" Indian patent.

## Dr. MGR-JANAKI

**COLLEGE OF ARTS AND SCIENCE FOR WOMEN**  
"EXCELLENCE THROUGH DILIGENCE"

#### **Bio Sketch-** Dr Sukanya Shyama Sundar

Dr Sukanya Shyama Sundar graduated in microbiology (University of Madras, India), and human genetics (Sri Ramachandra University, India). She then obtained her PhD in Neuroscience from the National University of Singapore, under the supervision of A/P Thameem Dheen. Her graduate studies focused on understanding the epigenetic regulation of mouse embryonic neural stem cells exposed to hyperglycemia, that sparked her interest in epigenetics. Thereafter, she did her post-doctoral training under Professor Bay Boon Huat (Anatomy, NUS), whereinshe worked on molecular and epigenetic mechanisms underlying breast cancer metastasis. She is currently a Research fellow at the Department of Anatomy, NUS and is funded by the NUSMed post-doctoral fellowship.

#### **CV-** DR.Deepti pavani

An accomplished, high achieving Lifescience postgraduate, now seeking opportunities. Combines broad scientific knowledge with sound laboratory and research skills to deliver a high quality and professional service that will add value to a recruiting organisation. Academic track record is complemented by practical work experience in laboratory and as Medical claims office. Extremely enthusiastic in approach with exceptionally high standards and a strong results-based focus. Skilled at checking and analysing data and extracting key findings to put into actionable conclusions. Thrives on working collaboratively and delivers exceptional attention to detail even under pressure. Takes an approach to all aspects of work that is highly professional and personable. Ambitious and keen for continual professional development and career advancement.

#### **Technical Expertise**

- Good understanding of spectrophotometry, performing HPLC technique, agarose gel electrophoresis, southern blotting, western blotting and northern blotting.
- Quantitative analysis of carbohydrates: Glucose, fructose, galactose, mannose, maltose, lactose and arabinose and xylulose.
- Separation of amino acids by TLC and paper chromatography.
- In depth knowledge of laboratory tests used in microbiology work gained through education and researchwork.

- Used Validation protocols during research and in laboratory
- During M.Sc. research project have gained hands on training on thermal cyclers for the molecular detection of Aerobactin (iut A) gene in Escherichia coli
- During internship and work experience, I have gained knowledge on SOPs and to keep tracking of events happening in laboratory procedure
- During research and as an intern performed calibration of thermometers and balances.
- During research, have worked on thermal cyclers, used micropipettes, plating, identification of microorganisms, sterilising and autoclaving of contaminated material
- Currently pursuing HND Applied Chemistry course (year 1) in Belfast Metropolitan College, Titanic campus. Have learnt to write risk assessment sheets, maintenance of instruments

### **CV- SAHAJA AIGAL**

Current Position: Postdoctoral researcher

Guide: Prof. Martin Aepfelbacher Institute of Medical microbiology, Virology and Hygiene, University Clinic Hamburg- UKE, Germany

Current project: 'Visualisation of Yersenia enterocolytica infection niche in mammalian host cells.'

- Mr. Emmanuvel Endowment Prize for the "Best Outgoing Student", Dr. M.G.R. Janaki College.
- Dr. Sundarambai Prathajkumar Endowment Prize for securing first place in biochemistry practical during the academic year 2005- 08. Dr. M.G.R. Janaki college, Chennai-28
- Certificate of merit for securing second place in Bio-Chemistry during the academic year 2005-08 in Dr. M.G.R. Janaki College, Chennai- 28
- Certificate of merit for securing fourth rank in Hindi in the University examinations during the academic years- 2005-2007.
- Felicitated by the school KV-CLRI for obtaining first position in Biotechnology subject in AISSE-2005.
- Felicitated by the school KV-CLRI for obtaining overall third position in XII (Biotechnology stream) – 2005.
- University of Madras Merit fellowship 2008-2009.
- Second Rank in MSc Biotechnology examinations, 2010, University of Madras.
- Qualified GATE XL (life sciences)- 2011
- International Max Planck Research School Fellow and Stipend Holder – 2013

### **CV- VISHNU PRIYA PADMANABAN**

- Doctorate in Biotechnology at Centre for Biotechnology, Anna University, in collaboration with Marine Biotechnology Division, National Institute of Ocean Technology (NIOT).
- Resource person and active contributor in the project Development of Potential Drugs from Ocean (DPDO) collaboration between NIOT, Chennai and Central Drug Research Institute

(CDRI), Lucknow.

- Expertise in Microbial culture techniques, Molecular techniques (DNA isolation, PCR, Taxonomy, Phylogeny, DGGE, Genomic fingerprinting, MLST). Handled projects on microbial metagenomics, fermentation and bioprocessing of marine bacterium for isolation of antibiotics and Chemo-preventive agents. Handled project on characterization of piezo-tolerant bacterium using high pressure fermentation system. Expertise in bioactivity screening of the microbial products for antimicrobials (determination of MIC and MBC),
  - antioxidants, anticancer effect on cell lines and cytotoxicity.

Identification of novel dysregulated circular RNAs in early-stage breast cancer

Genome-wide methylome pattern predictive network analysis reveal mesenchymal stem cell's propensity to undergo cardiovascular lineage

Experimental and Computational Approaches for Non-CpG Methylation Analysis

Non-CpG methylation—a key epigenetic modification in cancer

DNA methylation microarray uncovers a permissive methylome for cardiomyocyte differentiation in human mesenchymal stem cells

## Deepa Ramasamy

Ph.D. student at Cancer institute (WIA). INSPIRE fellow  
India

### Summary

I am currently pursuing doctoral degree program in the field of cancer epigenomics.

### Experience

**Cancer Institute WIA**  
Senior Research Fellow  
December 2021 - Present (1 year 8 months)  
Chennai, Tamil Nadu, India

**Cancer Institute(Wia)**  
Junior research fellow  
November 2019 - November 2021 (2 years 1 month)  
Chennai, Tamil Nadu

**IIT madras department of biotechnology**  
Project Associate  
May 2017 - April 2018 (1 year)  
Chennai, Tamil Nadu, India

**Madurai Kamaraj University**  
Graduate Student  
July 2015 - May 2017 (1 year 11 months)

### Education

**CANCER INSTITUTE (W.I.A.) (Inst. Code - 039), CHENNAI**  
Doctor of Philosophy - PhD, Genomics & Molecular Oncology · (January 2019 - March 2023)

**Madurai Kamaraj University**  
Master of Science (M.Sc.), Genome Sciences/Genomics · (2015 - 2017)

**Dr.M.G.R janaki college of arts and science for women**

Page 1 of 2

## WORK EXPERIENCE

**Team Lead- Research, Training & Development –June 2013 to May 2019**  
Nightingales Medical Trust - [www.nightingaleseldercare.com](http://www.nightingaleseldercare.com)  
Bangalore, India

### ➤ Project Management

- Client management and retention
- Designing marketing content and presentation for fund raising
- Fund raising and budget management
- Creating standard operating procedures
- Facilitating smooth transition from manual record management to software enable management

### ➤ Designed and managed a telemedicine enabled dementia residential care facility.

#### Responsibilities included

- Developing standard protocol
- Recruitment, training and placement of staff
- Formulation of Care plans for persons with dementia
- Ensuring quality care delivery to the clients availing the services
- Periodic assessments and reporting
- Designing rehab and engagement program
- Preparing budget and management reports

### ➤ Managed the Training and Development. Responsibilities included

- Training of nurses, doctors, paramedics and caregiver in dementia care and management
- Placement and performance evaluation of nurses and professional caregivers
- Conducting awareness programs and support groups.

### ➤ Designed and managed activity centre for senior citizens and day care for people with dementia

Specifics include

- Conceiving and establishing the concept of dementia risk reduction and healthy ageing
- Training and placement of staff
- Planning and conducting physical and cognitive activities for the elders in the program and recording the data
- Periodic assessment of members and analysis of data to study the impact of the program through a dedicated software.

### ➤ Conducted neuropsychological assessment for people with dementia and managed memory clinic

- Familiar with neurological and neuropsychological assessment: principles, selection of appropriate tests for the domains being studied.
- Have administered and scored the following instruments :
  - Addenbrook's Cognitive Examination Revised
  - Bristol Activities of Daily Living Scale
  - WHO-General Health Questionnaire
  - Clinical Dementia Rating Scale
  - Consortium to Establish a Registry for Alzheimer's Disease
  - Mini-Mental Status Examination

517, Landmark House, Broadway, Bradford BD11 8B, (M) 07405023228 (S)

## PROFESSIONAL SUMMARY

Designed and Managed dementia and elder care projects. Dedicated neuroscience professor work in dementia care and management. Successful in managing multiple projects and handle Extensively trained in project management, analysis and planning.

## SKILLS

Dementia Care Management	NGO project management
Neuropsychological Assessment	Expertise in behaviour manage
Psychotropic medication knowledge	Physical and cognitive activity
Dementia Care trainer	Team leadership
Research	Budget Management

## EDUCATION

Diploma in Project Management, 2018  
Stonebridge University, UK  
Master Training: Dementia Care and management, 2012  
Masters – Neuroscience, 2008  
Institute of Basic Medical Sciences, Chennai  
Bachelor- Biomedical Science –Biochemistry, 2005  
University of Madras

## PUBLICATIONS

1. Gupta, Veer Bala, **Ramani Sundaram**, and Ralph N. Martins. "Multiplex biomarkers in Alzheimer's research & therapy 5.3 (2013): 31.
2. Ramani Sundaram "A Comprehensive Approach to Dementia Care" UNFPA (2016)

## RECOGNITION

	ORGANIZATION	DETAILS
1	Innovation of Science Pursuit for Inspire Research.	Offered to First Rank in Masters, Dept of Sci Technology, India
2	Dementia trainer	Alzheimer's Australia D

## ACADEMIC AWARDS

MS Neuroscience, Dr. ALM Post graduate Institute of Basic Medical Sciences, University of I  
University First Rank in Neurophysiology (2010)  
University First Rank in Neuropathology (2010)  
University First Rank in Clinical Neurology and Neurosurgery (2010)  
University First Rank in Psychopharmacology (2010)  
Dr MGR Janaki College of Arts & Science for Women, Chennai, University of Madras.  
Tmt. Janaki Ramachandran Memorial Endowment Award for the First Rank in Biochemistry (2

 <b>Dr. MGR-JANAKI</b> College of Arts and Science for Women <i>"Excellence Through Diligence"</i> 		<i>International webinar series- Alumini lecture series</i>	
<b>Document ID:</b>	<b>MJC/MIC/2019/IW01</b>	<b>Document Name:</b>	<b>MC/Speaker introduction</b>
<b>Academic Year:</b>	<b>2019-2020</b>	<b>Date:</b>	<b>25.05.2020- 29.05.2020</b>

Through the "Connecting Generations: Alumni Lecture Series," we aim to reinforce the strong bond between our institution and its graduates. We believe in the transformative power of learning from those who have walked the same path and are now lighting the way forward. Join us in celebrating the wisdom, achievements, and potential of our alumni as we connect generations through knowledge and inspiration.

Stay tuned for updates on our upcoming lectures and let's embark on this enlightening journey together.

## **SPEAKER INTRODUCTION**

**Dr. Deepa Ramasamy** began her academic journey with a burning desire to unravel the mysteries of cancer. Armed with a solid educational foundation, she pursued a course in [Microbiology] at our college setting the stage for her foray into research. Her insatiable curiosity and exceptional academic performance were evident from the outset, earning her recognition and accolades throughout her academic career.

Her research findings have not only been published in esteemed scientific journals but have also garnered attention for their potential clinical applications. We wish her more accolades in future and Thanks for your presence with us today Dr. Deepa.

**Dr. Ramani** is team lead at Nightingales Medical Trust in Bangalore, India. As the Team Lead for Research, Training, and Development at Nightingales Medical Trust in Bangalore, India, Ms. Sundaram has dedicated her career to pioneering Socio-Clinical Care Research, offering a fresh perspective grounded in neuroscience. She completed her graduation in biochemistry at our college and post graduation in University of Madras. where she laid the foundation for her journey into neurophysiology. Her dedication to academic excellence was evident from the start, earning her accolades and recognition throughout her academic career. As she continues to inspire and innovate, we eagerly anticipate the transformative impact of her research and her unwavering commitment to advancing healthcare for all.

**Dr. Sukanya Shyama Sundar** is a passionate and accomplished scientist in the field of epigenetics, with a strong background in microbiology and human genetics. Her academic journey has been marked by an unwavering commitment to unraveling the complexities of epigenetic regulation and its profound implications for health and disease. Dr. Sundar's work is a testament to her dedication to advancing our understanding of this cutting-edge field.

Dr. Sundar's academic pursuits began with a degree in microbiology from the University of Madras, India, where she laid the foundation for her scientific career. She then pursued her interest in human genetics at Sri Ramachandra University, India, further expanding her knowledge in the intricacies of human biology.

Her insatiable curiosity and quest for knowledge led her to the prestigious National University of Singapore (NUS), where she embarked on a remarkable journey towards a PhD in Neuroscience. Under the guidance of A/P Thameem Dheen, she delved into the epigenetic regulation of mouse embryonic neural stem cells exposed to hyperglycemia, a critical exploration that ignited her passion for epigenetics.

Dr. Sundar's research expertise spans the fascinating realms of molecular biology, epigenetics, and cancer biology. Her post-doctoral training under the mentorship of Professor Bay Boon Huat, Department of Anatomy at NUS, focused on unraveling the molecular and epigenetic mechanisms underlying breast cancer metastasis. This research has far-reaching implications for the development of novel therapeutic strategies to combat one of the most formidable challenges in cancer treatment.

Currently, Dr. Sukanya Shyama Sundar serves as a Research Fellow at the Department of Anatomy, NUS, where she continues to make groundbreaking contributions to the field of epigenetics. Dr. Sukanya Shyama Sundar's journey from microbiology to epigenetics reflects a remarkable evolution driven by a relentless pursuit of knowledge. Her dedication to understanding the epigenetic intricacies that govern health and disease is not only inspiring but also promises to pave the way for innovative advancements in medicine and biology.

#### **VISHNU PRIYA PADMANABAN**

As an esteemed resource person and an active contributor to the "Development of Potential Drugs from Ocean" (DPDO) project, a collaborative endeavor between NIOT, Chennai, and the Central Drug

Research Institute (CDRI), Lucknow, Dr. Vishnu Priya Padmanaban has been a linchpin in the quest for novel pharmaceuticals sourced from the enigmatic ocean. Her proficiency in microbiology and molecular techniques has been instrumental in advancing the frontiers of this pioneering project.

Throughout her illustrious career, Dr. Vishnu Priya Padmanaban has helmed and contributed to numerous groundbreaking projects. Her portfolio includes path breaking work in microbial metagenomics, fermentation, and bioprocessing of marine bacteria, leading to the isolation of antibiotics and chemo-preventive agents. Among her notable projects is the characterization of piezo-tolerant bacteria through innovative high-pressure fermentation techniques, showcasing her pioneering spirit in the study of extremophiles.

Her unparalleled expertise extends to the bioactivity screening of microbial products, encompassing a wide array of applications, including antimicrobial properties, antioxidants, anticancer effects on cell lines, and cytotoxicity studies. These contributions are instrumental in the pursuit of novel therapeutic agents that could reshape the landscape of healthcare.

Dr. Vishnu Priya Padmanaban's journey as a marine biotechnologist epitomizes an unwavering dedication to scientific exploration and discovery.

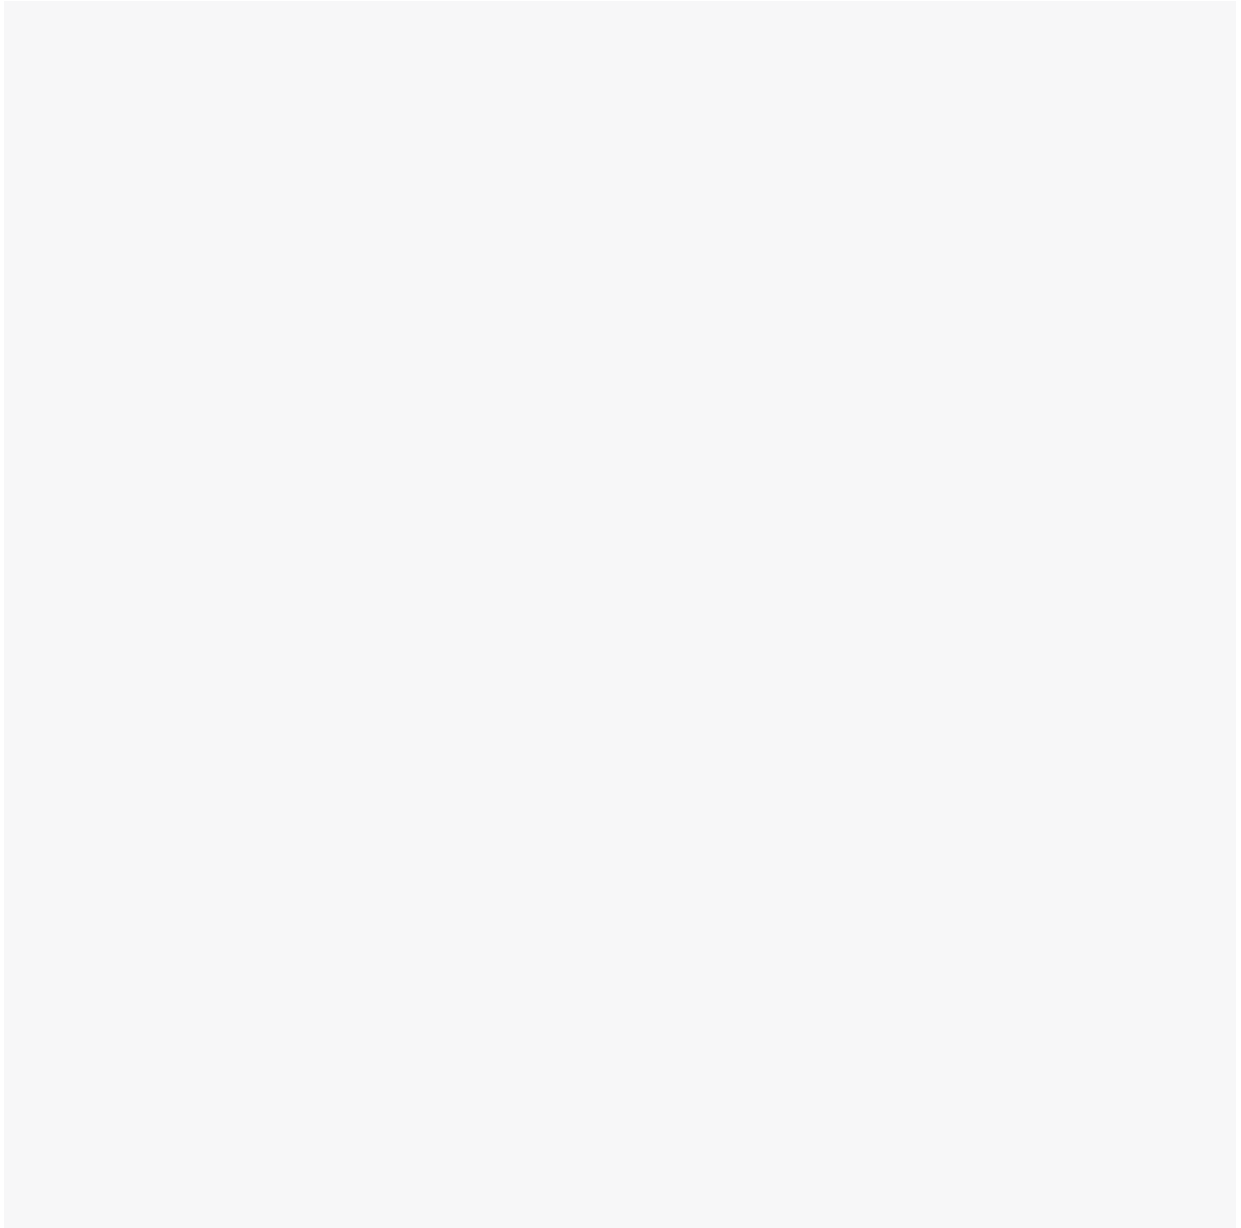

As she continues to chart new frontiers in marine biotechnology, Dr. Vishnu Priya serves as an inspiration to her peers and a beacon of hope for the future of scientific exploration.

It is our privilege to introduce Dr. **SAHAJA AIGAL** a distinguished postdoctoral researcher whose relentless pursuit of knowledge has illuminated the realms of microbiology and infection biology. Dr. [Speaker's Name] currently serves as a Postdoctoral Researcher under the guidance of Prof. Martin Aepfelbacher at the Institute of Medical Microbiology, Virology, and Hygiene at the University Clinic Hamburg- UKE in Germany.

Throughout her academic journey, she has consistently excelled, earning numerous accolades and distinctions. She was honored with the prestigious Mr. Emmanuel Endowment Prize as the "Best Outgoing Student" during her tenure at Dr. M.G.R. Janaki College. Her excellence in biochemistry earned her the Dr. Sundarambai Prathajkumar Endowment Prize for securing first place in biochemistry practicals. Her academic prowess extended to securing second place in Bio-Chemistry and a commendable University rank in Hindi during her academic years.

In the dynamic world of careers, **Ms. Mukherjee's** stands as a guiding light, encouraging life science graduates to explore unconventional yet promising avenues. Her insights into alternative career paths

and her message of looking beyond degrees have ignited the spark of curiosity and ambition in many. As an Engineer specializing in Technical Communication at Siemens Health engineers in Bangalore, she would share insights into alternative, high-paying career paths outside the traditional realms of academia and industry. Her wisdom will continue to inspire and guide you toward successful and fulfilling careers. Ms. Mukherjee's commitment to empowering the next generation of professionals was evident when she converse. Her emphasis on the value of transferrable skills, adaptability, and a willingness to embrace change resonate with many who had met her in college days.

 <b>Dr. MGR-JANAKI</b> College of Arts and Science for Women <i>"Excellence Through Diligence"</i> 		<i>International webinar series- Alumini lecture series</i>	
<b>Document ID:</b>	<b>MJC/MIC/2019/IW01</b>	<b>Document Name:</b>	<b>Dynamics 'OPPORTUNITES IN BIOSCIENCES'</b>
<b>Academic Year:</b>	<b>2019-2020</b>	<b>Date:</b>	<b>25.05.2020- 29.05.2020</b>

Good Evening Ladies and gentlemen, esteemed Dr. Latha Rajendran, Correspondent, Dr. Kumar Rajendran, Chairman, Dr. Manimekalai, Principal, distinguished speakers, respected academicians, dedicated faculty members, and my dear students,

It is with great joy and a warm heart that I extend a hearty welcome to each one of you on behalf of the Microbiology Department. We are thrilled to have you with us today at the Alumni Lecture Series under the theme "Opportunities in Biosciences," scheduled from May 25th to May 30th, 2020, with sessions running from 5:00 PM to 6:00 PM.

This enlightening event is proudly organized by the collaborative efforts of the Microbiology Department, along with the Department of Biochemistry and the PG Departments of Applied Microbiology and Bioinformatics & Clinical Trial Management, all part of the esteemed Dr. MGR Janaki College of Arts and Science for Women.

We look forward to engaging sessions, insightful discussions, and a week filled with opportunities for knowledge sharing and growth. Thank you for gracing us with your presence, and let us make this Alumni Lecture Series a memorable and enriching experience for all.

I would like to extend our heartfelt gratitude on behalf of our college to our esteemed overseas speakers who have graciously accepted our invitation. Our sincere thanks go to:

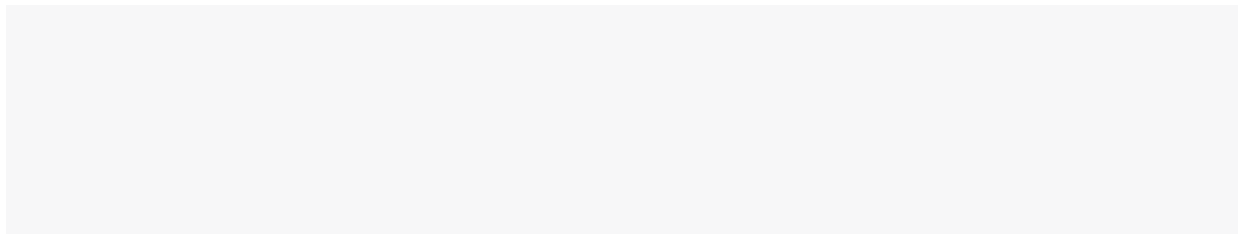

1. Ms. R. Deepa, Research Scholar, Cancer Institute, Chennai, India
2. Ms. Ramani Sundaram, Team Lead- Research, Training & Development, Nightingales Medical Trust, Bangalore, India
3. Ms. Sukanya Shyama Sundar, Research Fellow, National University of Singapore, Singapore
4. Ms. Deepthy Pavani, Research Fellow, Belfast Metropolitan College, UK
5. Ms. Vishnupriya, Associate Researcher, National Institute For Research In Tuberculosis, Chennai, India

6. Ms. Satarupa Mukherjee, Engineer- Technical Communication, Siemens Healthineers, Bangalore, India
7. Ms. Sahaja Aigal, Postdoctoral Researcher, Institute of Medical Microbiology, Virology, and Hygiene, University Clinic Hamburg- UKE, Germany
8. Ms. Sai Dipikaa Akshinthala, Senior Research Associate, Beth Israel Deaconess Medical Center, Harvard Medical School (Boston, USA)

We would also like to express our deep appreciation to our college management and our esteemed Principal for their unwavering support and encouragement in organizing this Alumni Series.

Our hope is that you will find these alumni talks engaging, productive, and highly beneficial. We trust that you will leave this event feeling enriched with knowledge.

Once again, a warm welcome to all of you, and thank you for your kind attention.

 <b>Dr. MGR-JANAKI</b> College of Arts and Science for Women "Excellence Through Diligence"		International webinar series- Alumini lecture series	
Document ID:	MJC/MIC/2019/IW01	Document Name:	Photos
Academic Year:	2019-2020	Date:	25.05.2020- 29.05.2020

**Dr. MGR-JANAKI**  
College of Arts and Science for Women  
"Excellence Through Diligence"  
11 & 13, Durgabai Deshmukh Road, Chennai, Tamilnadu, India - 600028.

**ALUMINI LECTURE SERIES**  
"OPPORTUNITIES IN BIOSCIENCES"

**Dr. R. MANIMEKALAI**  
M.Sc., M.Tech., Ph.D  
PRINCIPAL

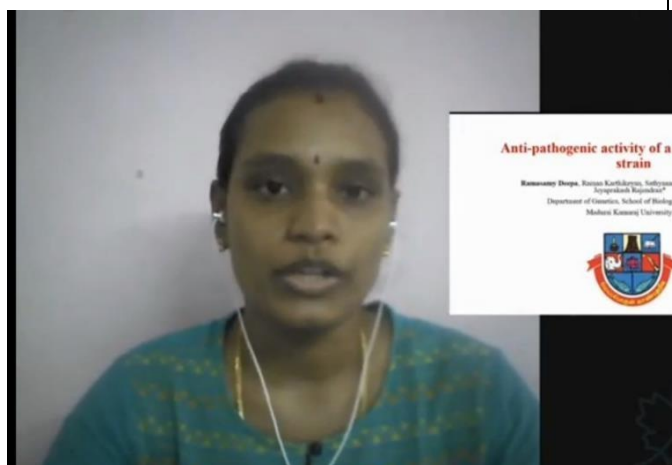

**Dr. MGR-JANAKI**  
College of Arts and Science for Women  
"Excellence Through Diligence"  
11 & 13, Durgabai Deshmukh Road, Chennai, Tamilnadu, India - 600028.

Departments of Biochemistry, Microbiology, PG Diploma in Applied Microbiology and Bioinformatics & Clinical Trials

**ALUMINI LECTURE SERIES**  
"OPPORTUNITIES IN BIOSCIENCES"

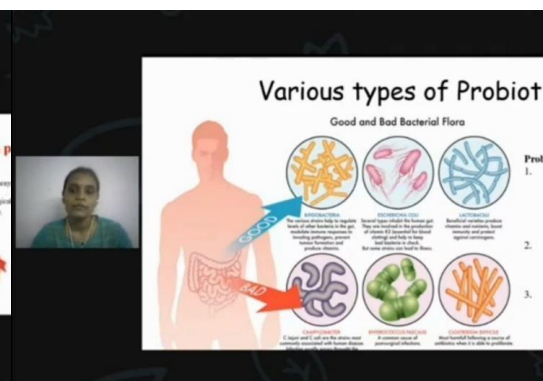

**KEY SPEAKER**  
**Ms. R. DEEPA, (2012 - 2015 Batch)**  
Research Scholar, Cancer Institute  
**MONDAY, MAY 25, 5.00PM - 6.00PM**

Ms. Deepa R. is pursuing her Ph.D program in the field of molecular oncology, Cancer Institute at University of Madras. She has been awarded the DST-Inspire fellowship for carrying out full degree program. She has worked as a project fellow, Madras in the field of DNA cryptography. Her interest include Genomics and Molecular biology, RNA biology and Microbiology.

**Anti-pathogenic activity of a probiotic strain**

Ramany Deepa, Ramany Karthikeyan, Subramanian Ramany  
Department of Genetics, School of Biotechnology  
Maharaja's University

**Various types of Probiotics**

Good and Bad Bacterial Flora

Probiotics are live microorganisms that provide health benefits when consumed in adequate amounts. They are found in certain foods and supplements.

1. **Lactobacillus**: Found in yogurt and fermented foods. It helps in digestion and boosts the immune system.

2. **Bifidobacterium**: Found in yogurt and fermented foods. It helps in digestion and boosts the immune system.

3. **Streptococcus**: Found in yogurt and fermented foods. It helps in digestion and boosts the immune system.

<b>Academic Year:</b>	<b>2019-2020</b>	<b>Date:</b>	<b>25.05.2020- 29.05.2020</b>

Esteemed guests, dignitaries and faculty, and dear students, I extend a warm welcome to you all on behalf of Dr. MGR Janaki College of Arts and Science for Women. Our college boasts numerous illustrious alumni who have consistently brought pride to our institution. Today, as an alumna of the Department of Microbiology, it gives me great pleasure to present the report on the "Alumni Lecture Series 2020" with the theme "Opportunities in Biosciences," which took place from May 25th to May 30th, 2020, from 5 PM to 6 PM. This series was organized jointly by the Departments of Microbiology and Biochemistry, along with the PG Departments of Applied Microbiology, Bioinformatics, and Clinical Trial Management.

Our alumni lecture series aimed to feature distinguished alumni who graduated from our college, specifically from the Departments of Biochemistry and Microbiology. The goal was to provide our current students with valuable insights into the various career paths they can explore after graduation and to facilitate networking opportunities with our accomplished alumni.

Let's delve into the highlights of this remarkable series:

#### **May 25, 2020 - Ms. Deepa, Research Scholar, Cancer Institute, Chennai:**

Our first speaker, Ms. Deepa, a Research Scholar at the Cancer Institute in Chennai and an alumna of the Department of Microbiology, enlightened us about the antimicrobial effects of Probiotic EcN. She emphasized how EcN can protect the host system from pathogenic stresses, reduce infections, and encouraged students to explore new avenues for growth.

#### **May 26, 2020 - Ms. Ramani Sundaram, Team-Lead Research, Training and Development:**

On the second day, Ms. Ramani Sundaram, an alumna of the Department of Biochemistry and Team-Lead Research, Training, and Development at Nightingales Medical Trust in Bangalore, discussed

avenues in socio-medical care, particularly in the context of dementia. She highlighted the importance of biomedical research in advancing modern medicine.

**May 27, 2020 - Dr. Sukanya Shyamasundar, Research Fellow, National University of Singapore:**

Dr. Sukanya Shyamasundar, a Research Fellow at the National University of Singapore and an alumna of the Department of Microbiology, shared her journey from being a student to becoming a post-doctoral researcher. She encouraged students to set SMART goals and maintain consistency in their professional lives.

**May 28, 2020 - Ms. Vishnu Priya, Associate Researcher, National Institute of Research in Tuberculosis, Chennai:**

Ms. Vishnu Priya, an alumna of the Department of Biochemistry and Associate Researcher at the National Institute of Research in Tuberculosis, Chennai, delved into precision medicine and its role in healthcare. She discussed the progress, challenges, and futuristic capabilities of precision medicine, including NGS techniques and CRISPR.

**May 29, 2020 - Ms. Satarupa Mukherjee, Engineer- Technical Communication, Siemens Healthineers, Bangalore:**

Ms. Satarupa Mukherjee, an alumna of the Microbiology Department, highlighted alternative, high-paying career options outside academia and industry for life science graduates. She emphasized the importance of broad interests and abilities in seeking new challenges.

**May 30, 2020 - Ms. Deepthy Pawani, Research Student, Belfast Metropolitan College, UK:**

Ms. Deepthy Pawani, a Research Student at Belfast Metropolitan College in the UK, encouraged students to explore study and work opportunities in the UK, emphasizing the excellent career prospects and quality of life.

**May 30, 2020 - Ms. Sahaja Aigal, Post-Doctoral Researcher, Institute of Medical Microbiology, Virology and Hygiene, University Clinic, Hamburg, Germany:**

Ms. Sahaja Aigal, a prominent alumna of the Department of Biochemistry, shared valuable information about studying and working in Germany. She highlighted the excellent research opportunities available for international students and researchers in Germany.

**May 30, 2020 - Ms. Sai Dipikaa Akshinthala, Senior Research Associate, Harvard Medical School, Boston, USA:**

Ms. Sai Dipikaa Akshinthala agreed on the growing role of precision to personalized medicine for cancer treatment, shifting the paradigm towards prevention. She emphasized the importance of striving for excellence.

I would like to express our sincere gratitude to our esteemed alumni who have taken the time to motivate and inspire our students. We appreciate your valuable insights and experiences.

I extend my heartfelt thanks to our college management, including our Correspondent, Dr. Latha Rajendran, and Chairman, Mr. Kumar Rajendran, for supporting and encouraging us to organize this Alumni Lecture Series. Special thanks to our Principal, Dr. Manimekalai, Vice-Principal, Dr. Lakshmi Balaji, Dean of Students, Dr. Apitha Sabapathy, and Dean of Academics, Dr. V. C. Shanthilakshmi for their unwavering support and guidance.

In the face of technological advancements, we have transitioned from traditional seminars to webinars, particularly evident during the lockdown. This shift was initiated by Dr. P. Sumithira and Dr. Victoria Salomi, Assistant Professors of the Department of Microbiology, for which we are grateful.

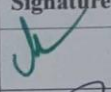

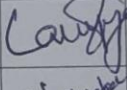

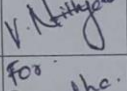

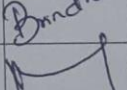

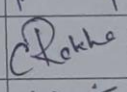

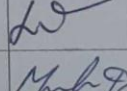

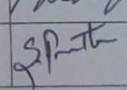

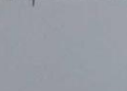

I acknowledge the dedication and hard work of the faculty from the Departments of Biochemistry and Microbiology in organizing this webinar series. Special thanks to Dr. Vijayalakshmi, Ms. Padmini, and Ms. Brindha Banu, Assistant Professors of the Department of Biochemistry, for managing the website and providing technical support. I would also like to appreciate Dr. Lakshmi Priya, Dr. Vidhyalakshmi, and Dr. Banu Rekha, Assistant Professors of the Department of Microbiology, for their tireless efforts.

Lastly, I extend my gratitude to the participants who responded wholeheartedly to our webinar invitations. Graduates, always remember that your college degree signifies your preparedness for life. Excellence is the result of high intentions, sincere efforts, skillful execution, and the ability to see obstacles as opportunities. Best of luck and congratulations to all . Once again, thank you to everyone who contributed to the success of this webinar series.

 <b>Dr. MGR-JANAKI</b> College of Arts and Science for Women "Excellence Through Diligence" 		<b>MC/Speaker Introduction</b>	
<b>Document ID:</b>	<b>MJC/MIC/2020/WB01</b>	<b>Document Name:</b>	<b>Speaker Introduction</b>
<b>Academic Year:</b>	<b>2020-2021</b>	<b>Date:</b>	<b>01/06/2020</b>

**Dr. S. Gokul Shankar** is a distinguished Associate Professor in the Faculty of Medicine at AIMST University, located in Kedah, Malaysia. With an extensive academic background and a remarkable track record of achievements in the field of microbiology, Dr. Shankar is a respected figure in the academic and research community.

His academic journey is marked by a Ph.D. in Microbiology and an M.Sc. in Microbiology, both earned from M.S. University Tirunelveli. Dr. Shankar's dedication to the field of microbiology is further exemplified by his active memberships in prestigious organizations, including the Association of Microbiologists of India, the Association of Food Scientists & Technologists (India), the Society of Indian Human and Animal Mycologists, Pothigai Exnora Innovator's Club in Tenkasi, and the Blue Cross Society. Additionally, he serves as an Advisor to the Medical Students Association (MedSA), showcasing his commitment to nurturing future medical professionals.

Dr. Shankar's contributions to the world of academia and research have earned him several accolades. Notably, he received the Alumni Achiever Award for his research in Medicinal Plants from the Sri Paramakalyani College Alumni Association in August 2015. His Ph.D. thesis was highly commended by two out of three examiners, reflecting the quality and significance of his research. Furthermore, he was honored with the Young Scientist Award at the 3rd International Conference on Medicinal Plants and Herbal Products, organized by the Faculty of Medicine and Institute of Indigenous Medicine at the University of Colombo, Sri Lanka, in recognition of his outstanding contributions to Medicinal Plants Research.

Dr. Shankar's influence extends to the realm of publications, with a portfolio boasting more than 24 national and international publications. His work reflects his dedication to advancing the field of microbiology and contributing valuable insights to the scientific community.

In summary, Dr. S. Gokul Shankar is a highly accomplished Associate Professor, researcher, and active member of academic and scientific organizations. His impressive academic qualifications, numerous awards, and substantial publications attest to his unwavering commitment to

microbiology and his significant contributions to the field. His work continues to impact the realms of academia and research, making him a respected figure in the field of microbiology.

## **DAY 2 SPEAKER INTRODUCTION**

**Dr. Gowrishankar Rajam** is a distinguished Associate Principal Scientist at Merck & Co., Inc., with a remarkable educational background and an impressive career dedicated to microbiology and innovation.

Dr. Rajam's academic journey includes a Doctor of Philosophy (Ph.D.) in Microbiology from M.S. University, India, where he conducted extensive research in his field. He also holds a Master's degree in Applied Microbiology from PSG College of Arts and Science, Coimbatore, India, further solidifying his expertise in microbiology. Additionally, he pursued a Bachelor's degree in Nutrition and Dietetics from PSG College of Arts and Science, showcasing his multidisciplinary approach to science and health.

Dr. Rajam has made significant contributions to the field of microbiology with several patented innovations, including "Multiple-valent opsonophagocytic assay selection panel arrays and uses therefor" in the United States and patents related to the use of a pneumococcal P4 peptide for enhancing opsonophagocytosis in response to a pathogen in the United States, Europe, and China. These patents reflect his groundbreaking work in immune-therapy and vaccine development.

Dr. Rajam's outstanding contributions to science and innovation have earned him numerous prestigious honors and awards:

Recognized for his innovative work in the field of microbiology at Merck, a testament to his commitment to scientific advancement.

Acknowledged for his groundbreaking discovery of the P4 peptide, which has the potential to revolutionize immune-therapy. This award highlights his significant impact on the field of microbiology and healthcare.

Recognized for his highly cited research article, demonstrating the widespread influence of his work in the scientific community.

Awarded for his role in the development and transition of PsaA, a pneumococcal virulence protein, from the laboratory bench to the vaccine industry. This accomplishment underscores his pivotal contributions to public health.

Honored for his dedication to teaching and mentoring, as well as his commitment to advancing research and mastering advanced techniques.

Dr. Gowrishankar Rajam's educational achievements, groundbreaking patents, and a distinguished list of honors and awards highlight his significant contributions to the field of microbiology, innovation, and healthcare. His work continues to have a profound impact on the scientific community, making him a respected figure in the field.

### **DAY 3 SPEAKER INTRODUCTION**

**Dr. K. Padmavathy** is a highly accomplished Professor in the Department of Microbiology at Sree Balaji Dental College & Hospital in Chennai. With extensive experience in academia and research, she has made significant contributions to the field of medical microbiology. Dr. Padmavathy has been serving as a Senior Lecturer in Microbiology at Sree Balaji Dental College & Hospital since June 2010, accumulating over 13 years of teaching and research experience in this role. She also held the position of Assistant Professor at the same institution.

Prior to her teaching career, she was a Senior Research Fellow pursuing her Ph.D. in Medical Microbiology. Her research was supported by prestigious Indian Council of Medical Research (ICMR) Junior Research Fellowship. Dr. Padmavathy gained valuable research experience as a Senior Research Fellow in the field of Biotechnology at Madras Veterinary College.

She earned her Doctor of Philosophy (Ph.D.) in Medical Microbiology from Dr. ALM PGIBMS. Her research during this period was recognized and supported by the Indian Council of Medical Research (ICMR).

Dr. Padmavathy holds a Master of Science (M.Sc.) in Medical Microbiology from Christian Medical College, Vellore, where she received a National Merit Scholarship Award in recognition of her academic excellence.

She completed her Bachelor's degree and ranked first in Madras University at Auxilium College, Vellore.

Dr. K. Padmavathy has a substantial research portfolio, with 53 publications to her credit. One notable publication includes research on "Brevibacillus parabrevis, Acinetobacter baumannii, and Pseudomonas citronellolis - Potential candidates for biodegradation of low-density polyethylene (LDPE)." This work reflects her engagement in important environmental and microbiological research.

Dr. Padmavathy's extensive experience in academia, research, and her dedication to the field of medical microbiology make her a valuable asset to Sree Balaji Dental College & Hospital

and a respected figure in the scientific community. Her contributions continue to advance our understanding of microbiology and its applications in healthcare and environmental science.

**Dr. V Naveen Kumar** is a distinguished professional in the field of medical microbiology, serving as the Founder & Managing Director of ImmuGenix Biosciences Pvt Ltd, based in Chennai. His educational journey, extensive research experience, and entrepreneurial spirit have made significant contributions to the field of infectious disease diagnostics.

Dr. Kumar earned his Doctor of Philosophy (Ph.D.) in Medical Microbiology from the University of Madras, where he delved into advanced research and honed his expertise in the field. He holds a Master of Science (M.S.) in Medical Microbiology from the same institution, showcasing his commitment to academic excellence. His academic journey began with a Bachelor of Science (B.S.) in Microbiology at Jaya College of Arts & Science. Dr. Naveen Kumar's entrepreneurial journey began with the founding of ImmuGenix Biosciences Pvt Ltd in March 2018. In his role as Managing Director, he leads the company in innovating and simplifying infectious disease diagnostics, a vital contribution to the healthcare industry. He served as a Senior Scientist for 2 years and 3 months, contributing his expertise to this biotechnology initiative. Dr. Kumar worked as both a Scientist for 9 months and a Senior Scientist for 1 year and 7 months, playing a pivotal role in advancing biotechnology and innovation.

During his tenure in Germany, Dr. Kumar conducted research on the interactions of Streptococcal M-like proteins with human plasma and matrix proteins and their role in Rheumatic heart disease pathogenicity.

He served as a Senior Research Fellow (SRF) under the Indian Council of Medical Research (ICMR), focusing on the Molecular Pathogenesis of Streptococcal Endocarditis.

Early in his career, Dr. Kumar worked as a JRF, concentrating on molecular and serological diagnosis of culture-negative endocarditis with special reference to Bartonella sp. Dr. V Naveen Kumar's educational achievements, extensive research experience, and entrepreneurial endeavors underscore his dedication to advancing the field of medical microbiology and infectious disease diagnostics. His leadership at ImmuGenix Biosciences Pvt Ltd reflects his commitment to innovation and simplification in healthcare, with the potential to make a significant impact on disease diagnosis and management.

Dear Participant, M. Naveen kumar

Greetings from Dr. MGR Janaki College of arts and science for women

The Department of Biochemistry, Microbiology, PG Departments of Applied Microbiology and Bioinformatics & Clinical Trial Management is happy to confirm your participation in the international webinar, "Trinity of COVID-19 from 04.06.2020 to 06.06.2020, at 5 pm. We appreciate your interest in participation.

Herewith we are sharing the Day 2- 05.06.2020(Thursday) YouTube link.

**Corona viruses**

Family : Coronaviridae  
Subfamily : Orthocoronavirinae  
Order : Nidovirales  
Genera :  
• Alpha coronavirus (13 subgenera)  
• Beta coronavirus (5 subgenera)  
• Gamma coronavirus (4 subgenera)  
• Delta coronavirus (2 subgenera)

Reservoirs: Bats and rodents for alpha- and beta- corona viruses  
Birds for gamma- and delta - corona viruses.  
• From their natural reservoirs CoVs may jump to other animals, including humans, with the transmission to humans usually requiring an intermediate host (Lorusso et al., 2020).

 <b>Dr. MGR-JANAKI</b> College of Arts and Science for Women <i>"Excellence Through Diligence"</i> 		<b>TRINITY OF COVID</b>	
<b>Document ID:</b>	<b>MJC/MIC/2020/WB01</b>	<b>Document Name:</b>	<b>REPORT</b>
<b>Academic Year:</b>	<b>2020-2021</b>	<b>Date:</b>	<b>26/05/2020</b>

It was a great experience to hear the International Webinar series on "The Trinity of COVID-19: IMMUNITY, IMPLICATIONS & INTERVENTIONS" organized by the Department of Microbiology/Biochemistry and the PG Department of Bioinformatics & Clinical Trial Management. A brief overview of the topics and speakers for each day of the webinar includes

1. **Date: 4th June 2020**
  - **Speaker: Dr. S. Gokul Shankar**
  - **Topic: "What Gut Microbiota can do for us? Macroscopic role of Microbes"**
  - **Time: 5:00 pm - 6:00 pm**
2. **Date: 5th June 2020**
  - **Speaker: Dr. Gowrishankar Rajam**
  - **Topic: "Immune system - Friend or foe?"**
  - **Time: 5:00 pm - 6:00 pm**
3. **Date: 6th June 2020**
  - **Speaker: Dr. K. Padmavathy**
  - **Topic: "SARS-CoV-2: An Overview"**
  - **Time: 5:00 pm - 6:00 pm**
4. **Date: 6th June 2020**
  - **Speaker: Dr. V Naveen Kumar**
  - **Topic: "SARS-CoV-2: Diagnosis & Treatment"**
  - **Time: 5:00 pm - 6:00 pm**

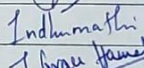

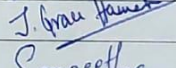

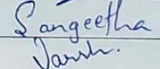

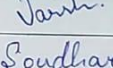

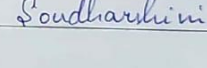

This webinar series covered a wide range of important topics related to COVID-19, including the role of gut microbiota, the immune system's response, an overview of the SARS-CoV-2 virus, and diagnosis and treatment strategies. It's a valuable opportunity for participants to gain insights from experts in the field during those dates in June 2020. It's essential to recognize that the relationship between humans and microbes is complex. While some microbes are essential for our health and well-being, others can be harmful and cause diseases. Proper hygiene, vaccination, and antimicrobial treatments are some ways to manage the potential harm caused by harmful microbes, while also preserving the benefits of beneficial microbes in our bodies.

**To:** <[dinesh.e@ictacademy.in](mailto:dinesh.e@ictacademy.in)>, kothai shanmugam <[kothains@gmail.com](mailto:kothains@gmail.com)>

Dear Sir,

We are happy to inform that the Departments of Computer Science ,Computer Applications and Information Technology are planning to conduct a webinar for Staff and research scholars.

The chosen topics are as follows:

Block Chain Technology

Internet of Things

Robotic Process Automation

Applications of Data Analytics

Data Visualization using Tabulea

Machine Learning Algorithms

In this regard, we request you to arrange a resource person after May 20th.

We are keen on having Mr Nirmal Kumar ,whose talk we had heard in one of the Webinar organised by the ICT Academy.

We are hoping to hear from you soon.

Ramya Vasudevan

Department of Computer Applications

Dr. MGR-Janaki College for Women

**DR.MGR-JANAKI COLLEGE OF ARTS AND SCIENCE FOR WOMEN***"Excellence Through Diligence"***11 &13 Sathyabama MGR Maligai, R A Puram, Chennai 600 028.**

**Note:**

Students of B.Sc CS, and BCA can attend  
No Registration Fees  
E certificate will be provided to students who  
attend all series of four days.

# WRITE UP OF GUESTS

## *Impact & Application of Industry 4.0 After Lockdown*

**Day 1** : 29-May-2020  
**Topic** : **Contact Tracing**  
**Department** : BCA

### **Description**

- ✓ Contract tracing, in public health is the procedure of identifying persons who may have come into contact with an infected person, followed by the collection of further information about these contacts
- ✓ Amidst the global Corona Virus disease (COVID 19) outbreak, several countries have tried to extensively utilize advanced information technology for tracing/ tracking individuals, who are suspected to be infected or in contact with an infected person. Techno companies have jumped at the opportunity of developing new and accurate apps, with the highest profile effort coming from Apple Inc., and Google.
- ✓ Several Other countries such as South Korea, Singapore, China, Germany and Iceland are taking lot of initiatives for contract tracing with the help of technology. For example, our own indigenous Aarogya Setu App which is being used by more than 20 million people in India
- ✓ Such innovative measures give us hope and help to flatten the curve of new cases and death

**Dr. Hari. T. S. Narayanan**, Visiting Professor/Advisor, IIIT-DM,  
Kancheepuram, Chennai, INDIA

## *Impact & Application of Industry 4.0 After Lockdown*

**Day 2** : 30-May-2020  
**Topic** : **Technology and Scope of Higher Education**  
**Department** : Computer Science & M. Sc(IT)

### **Description**

- Technology has the capacity to revolutionize the traditional methods of teaching and learning process. It can put an end to the various barriers of education and knowledge by space and time and give rise to extensive access to lifelong learning
- E learning is the buzz word in the field of education. It is pertinent to the present world scenario. Realising the advantages of using technology many Universities are initiating e learning portals. These initiatives will provide a framework to promote ICT in higher education.
- Since the early 1990's the Campus Computing Survey has shown increased use in college classrooms in technology dependent resources.
- Powerful external forces are promoting use of technologies in Higher Education, which is more of a good sign. We can infer from the above that Globalization, not long ago and the spike in cases of CoronaVirus (COVID 19) today are major reasons for pushing everyone into being dependent on technology

**Dr. Angelina Geetha**,  
Professor & Head (School of Computer Science),  
Hindustan Institute Science and Technology, Chennai, INDIA

**Name :** Amit K. Nerurkar

**Branch:** Computer Engineering

**Designation:** Assistant Professor (Vidyalankar Institute of Technology)

**Qualification :** M.E. Computer Engineering, VIT, Mumbai University  
B.E. Computer Engineering, VIT, Mumbai University

**Area of interest :** Computer Networking, Network Security, IOT, Distributed Systems

**Experience :** 11 Years in Teaching

**Achievements:**

- Presented many research papers in reputed journals
- Invited as Expert Speaker in field of networking at various institutes
- Organizer of TEDXVIT
- CSI-VIT Convener
- Global certification of Star for C Programming

**Name :** Swapnil S. Sonawane

**Branch:** Computer Engineering

**Designation:** Assistant Professor (Vidyalankar Institute of Technology)

**Qualification :** M.E. Information Technology, VIT, University of Mumbai  
B.E. Information Technology, VIT, University of Mumbai

**Area of interest :** Blockchain, Web Applications, Usability Engineering

**Experience :** 12 Years in Teaching

**Achievements:**

- Presented research papers in reputed journals
- Conducted multiple Seminars and Webinars
- Organized and participated in different workshops and training programme

## National Webinar by Industry Experts

**DAY 1 - 12.06.2020**

**Dr. Venkita Subbulakshmi**  
Founder & Managing Director  
Dharti Healthcare Technologies Pvt., Ltd, Bangalore  
**TOPIC: Job Openings for Life Science Graduates**

Dr. Venkita Subbulakshmi is the Founder & Managing Director, of Dharti Healthcare Technologies Pvt. Ltd. She is also the Director of Chromous Biotech Private Limited, Bangalore. She did her Graduation and Post graduation in Agricultural Microbiology, TNAU and Ph.D from Bose Institute in Life Sciences. She has 12 international research paper publications and has 2 book chapters. She was awarded the prestigious MFL (Madras Fertilizers Limited) Endowment fellowship during her Masters' Degree, SRF from CSIR Govt. of India and Excellence Award & Best performance team award by AstraZeneca. She has been the Resource person/Guest Faculty for TNAU, ICAR workshops on Biosafety. She has presented poster in the International Keystone Symposium held at Vancouver, Canada and invited speaker in Indo-EU Science and Technology Conference, held at Paris in 2013.

Dear Participant,

Greetings from Dr. MGR Janaki College!

The Department of Microbiology, Biochemistry, PG Departments of Applied Microbiology and Bioinformatics & Clinical Trial Management is happy to confirm your participation in the “**National Webinar by Industry Experts**”, scheduled on 12<sup>th</sup> & 13<sup>th</sup> June 2020, at 5 pm. We appreciate your interest in participation.

You may please use the following link to participate in the lecture scheduled on 12<sup>th</sup> June 2020 at 05:00 pm:

[https://www.youtube.com/watch?v=C\\_TFX4h6ndE](https://www.youtube.com/watch?v=C_TFX4h6ndE)

**Instructions to follow:**

- Please type your queries on the chat box.
- E-Certificates will be issued only to the participants who attend all the sessions and fill in the feedback form.

We request your kind co-operation for smooth functioning of the sessions.

Thank you

Regards,

The Organizers

Bangalore.

Respected madam,

Sub: Invitation for National Webinar – Reg

Greetings!

The Department of Microbiology cordially invites you to the National Webinar on  
“INDUSTRY EXPERTS” to be held on Friday and Saturday, 12<sup>th</sup> and 13<sup>th</sup> June 2020. We  
appreciate your acceptance to deliver the keynote address and share your subject expertise.

Thanks and regards

Microbiology Mjc <mjcmicro@gmail.com>

Mon, Jun 8, 2020 at 8:40 PM

To: latikakarunanidhi3@gmail.com, venkitauma@gmail.com, lakpriya33 <lakpriya33@gmail.com>, rekha c <rekhaa.o@gmail.com>, ashwati8@gmail.com, Mahalakshmi Sreedharan <mahalakshmisreedharan@gmail.com>

I'm inviting you to be a guest in my StreamYard broadcast.

Here is your link: <https://streamyard.com/miz225hzgr>

You'll need the following:

- A laptop or desktop.
- A recent version of Chrome or Firefox.
- A mic and webcam.
- A good internet connection.

If you don't have a laptop or desktop, then you can join on your phone. But the experience is usually best on a laptop/desktop. On Android, we recommend the Chrome browser. On iOS, you must use Safari.

You can find more detailed instructions here: <https://streamyard.com/resources/docs/guest-instructions>

See you soon!

### VENKITA SUBBULAKSHMI

E-mail: [venkitauma@gmail.com](mailto:venkitauma@gmail.com) ; Phone: +91 9686446316

---

#### CAREER SUMMARY

---

- ☐ Founder & Managing Director, Dharti Healthcare Technologies Pvt. Ltd. Since Oct 2018
- ☐ Director in Chromous Biotech Private Limited, Bangalore, India. Since Mar 2011
- ☐ Research Scientist in AstraZeneca, India. (June 2001- Feb-2011)
- ☐ Research Fellow/ Lab Manager in Cleveland Clinic Foundation, OHIO, USA (August 1997- May 2001)
- ☐ PhD – Bose Institute / in Life Sciences 1996. MSc (Ag) Microbiology (1992), BSc (Ag) 1989. TNAU, India
- ☐ 12 international research paper publications. And 2 Book Chapters.

#### AWARDS / HONORS

- ☒ Awarded **National Merit Scholarship** on the basis of School final performance and continued till graduation.
- ☒ Qualified in the State Level Eligibility Test for Admission in B.Sc. and M. Sc. degrees.
- ☒ Awarded prestigious MFL (Madras Fertilizers Limited) Endowment fellowship during Masters' Degree.
- ☒ Awarded Senior Research **Fellowship from Council for Scientific and Industrial Research (CSIR)**, Govt. of India,
- ☒ Awarded the **Excellence Award in the year 2004 by AstraZeneca.**
- ☒ Awarded the **Best performance team Award by AstraZeneca in 2010.**
- ☒ Resource person / Guest Faculty for TNAU for ICAR workshops on Biosafety.

- ☐ Co-Guide for a PhD student (registered in Manipal University) working in ICMR Institute.
- ☐ Presented poster in the International Keystone Symposium held in March 2008 in Vancouver, Canada.
- ☐ **Invited speaker in Indo-EU Science and Technology Conference, October 10-11, 2013, Paris.**

# RAMANATHAN VAIRAMANI

Chief - Technology & Innovation

Rallis India Limited – Seeds Division

## Profile

More than twenty years of experience in Indian seed industry in the areas of plant genomics, biotech trait development and crop breeding programs. Involved in developing R&D strategy and establishing collaborations of complementarity. Experienced in driving innovation and development of IP portfolio.

## technologies

DNA cloning, RNA extraction, analysis and reverse transcription, PCR, RNAi, Molecular Markers, Transgenic Plant Technologies, Nucleic acid hybridization, DNA sequencing, Protein expression, Plant Pathogen Diagnostics

## Contact

PHONE:

+91 97010 1758

EMAIL:

vai.ramanathan@rallis.com

## EDUCATION

### *Madurai Kamaraj University – Ph.D (Plant Biotechnology)*

1989 - 1995

Unravelling the “Mechanism of T-DNA transfer from Agrobacterium to Plants” using recombinant DNA technology, Plant transformation and Southern Hybridization

### *Madurai Kamaraj University – M.Sc (Biotechnology)*

1987 - 1989

Molecular Biology, Molecular Genetics, Microbiology, Biochemistry, Immunology, Plant, Animal & Microbial Biotechnology

## WORK EXPERIENCE

### *Rallis India Limited: Chief – Technology & Innovation*

2014–Present

Built strong product pipelines in Paddy, Maize, Cotton, Pearl Millet, Mustard, Tomato, Okra, Hot Pepper & Gourds  
Biotechnology programs for pest resistance and herbicide tolerance in maize

### *Pioneer Overseas Corporation-India: Rice Research Director - Asia*

2008–2014

Built an Asia-wide program for Hybrid Rice Product development and strengthened using Molecular Breeding Technologies. Had combined responsibility for breeding and biotech trait development in Rice.

### *Metahelix Life Sciences: Head-Genomics*

2001–2008

Led the Genomics team and set up biotech programs in rice, maize and cotton. Established contract research services for global companies to create revenue streams. A Bt cotton event expressing proprietary cry1C was deregulated.

### *Monsanto India Ltd: Research Biologist*

1999–2001

Established the functional genomics program in rice and validated hundreds of gene leads; one lead became commercial in the USA as drought-tolerant maize.

 <p style="text-align: center;"><b>Dr. MGR-JANAKI COLLEGE OF ARTS &amp; SCIENCE FOR WOMEN</b></p> <p style="text-align: center;">SATHYABAMA MGR MALIGAI 11 &amp; 13, Durgabai Deshmukh Road, Raja Annamalai Puram, Chennai - 600 028 Affiliated to the University of Madras</p> 		<b>NATIONAL WEBINAR</b>	
<b>Document ID:</b>	<b>MJC/MIC/2020/NW</b>	<b>Document Name:</b>	<b>MC/Speaker Introduction</b>
<b>Academic Year:</b>	<b>2020-2021</b>	<b>Date:</b>	<b>12-06-2020 &amp; 13-06-2020</b>

Ladies and gentlemen, it is my pleasure to introduce our distinguished speaker, VENKITA SUBBULAKSHMI a highly accomplished and respected professional in the field of life sciences and biotechnology. With a remarkable career spanning over two decades, she has made significant contributions to both academia and industry. Here's a brief overview of their impressive profile:

**Founder & Managing Director, Dharti Healthcare Technologies Pvt. Ltd. (Since October 2018): Dr. VENKITA has demonstrated exceptional leadership in founding and managing Dharti Healthcare Technologies, showcasing their entrepreneurial spirit and dedication to advancing healthcare technologies.**

Director in Chromous Biotech Private Limited, Bangalore, India (Since March 2011): Dr. VENKITA has held a pivotal role in Chromous Biotech, contributing to the growth and success of the company.

Research Scientist in AstraZeneca, India (June 2001 - February 2011): she has a solid background in pharmaceutical research, having served as a Research Scientist at AstraZeneca for nearly a decade.

Research Fellow/ Lab Manager in Cleveland Clinic Foundation, Ohio, USA (August 1997 - May 2001): Doctor has gained valuable international experience and research expertise during their tenure at the renowned Cleveland Clinic Foundation.

- She earned their doctoral degree in Life Sciences, reflecting their commitment to advancing scientific knowledge.
- MSc (Ag) Microbiology (1992) and BSc (Ag) (1989) from TNAU, India: Dr VENKITA has received their undergraduate and master's degrees in Microbiology and Agriculture, respectively.
- She has an impressive track record of scholarly contributions with 12 international research paper publications and 2 book chapters, further establishing their expertise in their field.

- Dr.Venkita has been recognized with numerous awards and honors throughout their career, including National Merit Scholarships, fellowships from organizations like CSIR, and excellence awards from AstraZeneca.
  - They have served as a resource person and guest faculty for TNAU for ICAR workshops on Biosafety, demonstrating their commitment to education and knowledge sharing.
  - She has also co-guided a PhD student, showcasing their dedication to mentoring the next generation of scientists.
  - Their contributions have been recognized on the international stage, including poster presentations at prestigious events like the International Keystone Symposium and invitations as a speaker at the Indo-EU Science and Technology Conference in Paris.
  - Dr.Venkita brings a wealth of knowledge and experience to our event, and we are honored to have them as our speaker today. Please join me in welcoming Dr.Venkita to share her insights and expertise in the field of life sciences and biotechnology.
-

- it is my privilege to introduce our esteemed speaker, Dr.Ramanathan vairamani a distinguished professional in the field of biotechnology with an outstanding track record of accomplishments and contributions. Here's a snapshot of their remarkable journey and achievements:

---

- **Ph.D. in Plant Biotechnology, Madurai Kamaraj University (1989 - 1995):** During their doctoral studies, Dr.Ramanathan conducted groundbreaking research on the "Mechanism of T-DNA transfer from Agrobacterium to Plants" using recombinant DNA technology, plant transformation, and Southern hybridization techniques. This research significantly advanced our understanding of genetic modification in plants.

- **M.Sc. in Biotechnology, Madurai Kamaraj University (1987 - 1989):** , Dr.Ramanathan laid the foundation for their career with a comprehensive education in various aspects of biotechnology, including molecular biology, genetics, microbiology, biochemistry, immunology, and plant, animal, and microbial biotechnology.

- **Chief – Technology & Innovation, Rallis India Limited (2014 - Present):** In this leadership role, , Dr.Ramanathan has made significant contributions to the development of strong product pipelines in various crops, including paddy, maize, cotton, pearl millet, mustard, tomato, okra, hot pepper, and gourds. They have also spearheaded biotechnology programs focused on pest resistance and herbicide tolerance in maize, furthering agricultural innovation.

- **Rice Research Director - Asia, Pioneer Overseas Corporation-India (2008 - 2014):** , Dr.Ramanathan played a pivotal role in establishing an Asia-wide program for hybrid rice product development, leveraging molecular breeding technologies. Their combined responsibilities for breeding and biotech trait development in rice contributed to the advancement of rice agriculture in the region.

- **Head-Genomics, Metahelix Life Sciences (2001 - 2008):** , Dr.Ramanathan led the Genomics team and initiated biotech programs in rice, maize, and cotton. They also set up contract research services for global companies, generating new revenue streams. Notably, a Bt cotton event expressing proprietary cry1C was deregulated during their tenure.

- **Research Biologist, Monsanto India Ltd (1999 - 2001):** , Dr.Ramanathan established the functional genomics program in rice and validated numerous gene leads. One of these leads ultimately became commercialized in the USA as drought-tolerant maize, highlighting their contributions to crop improvement. Dr.Ramanathan brings a wealth of knowledge and experience to our event, with a distinguished career marked by groundbreaking research, innovative product development, and leadership in biotechnology. We are honored to have , Dr.Ramanathan as our speaker today, and we eagerly anticipate their insights and expertise in the field of biotechnology. Please join me in extending a warm welcome to our distinguished guest.

### NATIONAL WEBINAR BY INDUSTRY EXPERTS

Good evening and my warm greetings to everyone

Industry expert talks offer valuable inspiration and firsthand insights into various fields. Learning from these experts not only provides us with a clear vision but also ignites new ideas to shape and expand our aspirations.

The academic world is a hub of creativity, while the industry's role lies in transforming these innovative ideas into commercial ventures. Establishing a productive interface between industry and academia is crucial in today's knowledge-driven economy. It bridges the gap between industry requirements and the academic community's aspirations.

With this objective in mind, the Departments of Microbiology and Biochemistry have organized a National Webinar featuring Industry Experts, scheduled for the 12th and 13th of June 2020.

On the first day of the webinar, Dr. Venkita Subbulakshmi, the founder and MD of Dharti Healthcare and Technologies Pvt. Ltd. in Bangalore, presided over the session. She delivered an insightful presentation on the limitless opportunities available to life science graduates. Dr. Subbulakshmi emphasized how recent scientific advancements have fueled remarkable growth in the Pharma and Biotechnology sectors. Her talk encompassed a wide array of topics, including Molecular Pharming, Nanotechnology, Cell and Gene Therapy, Gene Expression Profiling, Stem Cell Research, Applications of microRNA in Cancer Therapeutics, and Genotyping Technologies.

Day 2 of the webinar featured an enlightening presentation by Dr. Ramanathan Vairamani, Chief Technology Innovation at Rallis India Ltd. He delved into the effects of genetically modified crops on health, shedding light on the fascinating evolution of crops. Dr. Vairamani highlighted the use of genetically modified crops to promote sustainable agriculture and enhance productivity, even in the face of various biotic and abiotic stress conditions. Furthermore, he elucidated the regulatory approval process for the environmental release of genetically engineered plants.

This National Webinar serves as a platform for knowledge exchange, bringing together academia and industry experts to explore and address the current challenges and opportunities in the field.

Thank you speakers for your valuable time and enlightening us on the Industry expectations for a dynamically successful career for students passionate about science. Thank you once again.

Thankfulness is the beginning of gratitude. I would like to place my gratitude to our correspondent Dr. Latha Rajendran and our chairman Mr. Kumar Rajendran for the support and encouragement in all our endeavors.

We are fortunate to be assisted by our Principal Dr.R.Manimekalai, Vice Principal Dr. Lakshmi Balaji, Dean Academics Dr. Shanthi Lakshmi and Dean Students Dr. Abitha Sabapathy. Thank you mam for all your guidance. My heartfelt thanks to Dr. Lathika, head, department of BBA and HRM for connecting us with the resource persons.

My thanks are due to the dedicated faculty team of Microbiology and Biochemistry departments for their meticulous planning in the execution of this webinar.

A special accolade to the technical support team Dr. Vidhyalakshmi, Ms. Mahalakshmi, Dr. Banu Rekha and Mrs. Preetha.

Finally, to all the participants out there, a big thanks you for active and enthusiastic participation.

The unprecedented lockdown due to the pandemic COVID-19 has crippled our routine life. But there is no lockdown for updating and sharing our knowledge. Take this time to hone your talents and skills.

“No Sun outlasts its sunset, but it will rise again and bring the dawn. Stay strong, stay positive and stay safe”.

**THANK YOU ALL**

 <p style="text-align: center;"><b>Dr. MGR-JANAKI COLLEGE OF ARTS &amp; SCIENCE FOR WOMEN</b></p> <p style="text-align: center;">SATHYABAMA MGR MALIGAI 11 &amp; 13, Durgabai Deshmukh Road, Raja Annamalai Puram, Chennai - 600 028 Affiliated to the University of Madras</p> 		<b>NATIONAL WEBINAR</b>	
<b>Document ID:</b>	<b>MJC/MIC/2020/09/NW</b>	<b>Document Name:</b>	<b>Report</b>
<b>Academic Year:</b>	<b>2020-2021</b>	<b>Date:</b>	<b>12-06-2020 &amp; 13-06-2020</b>

The National Webinar on "Bridging Academia and Industry in the Knowledge Economy" held on the 12th and 13th of June 2020 proved to be a resounding success. This event was organized by the Departments of Microbiology and Biochemistry, with the aim of fostering collaboration between academia and industry, two vital pillars in the knowledge-driven economy. The webinar featured esteemed industry experts who shared their insights and experiences with the participants, sparking inspiration and new ideas.

The inaugural day of the webinar witnessed Dr. Venkita Subbulakshmi, the founder and MD of Dharti Healthcare and Technologies Pvt. Ltd. in Bangalore, taking the stage as the keynote speaker. Dr.

Subbulakshmi's presentation on "Limitless Opportunities for Life Science Graduates" set the tone for the event. She eloquently highlighted how recent scientific advancements have catalyzed remarkable growth in the Pharma and Biotechnology sectors. Her comprehensive talk covered a wide spectrum of topics, including Molecular Pharming, Nanotechnology, Cell and Gene Therapy, Gene Expression Profiling, Stem Cell Research, Applications of microRNA in Cancer Therapeutics, and Genotyping Technologies.

Dr. Subbulakshmi's insights resonated with the audience, emphasizing the vast potential within the life sciences field and the ever-expanding horizons for aspiring professionals.

Day 2 featured a captivating presentation by Dr.  
Ramanathan Vairamani, Chief Technology Innovation at Rallis

India Ltd. Dr. Vairamani's talk, titled "Genetically Modified Crops and Their Impact on Health," delved into the fascinating evolution of crops and their effects on human well-being. He provided valuable insights into the use of genetically modified crops to promote sustainable agriculture and enhance productivity, even in the face of various biotic and abiotic stress conditions. Furthermore, he shed light on the intricate regulatory approval process for the environmental release of genetically engineered plants.

Throughout the webinar, participants engaged in meaningful discussions, fostering a dynamic exchange of ideas and experiences. The event provided a platform for academia and industry experts to explore the current challenges and opportunities in their respective fields.

The National Webinar on "Bridging Academia and Industry in the Knowledge Economy" was a significant step towards fostering collaboration and synergy between academia and industry. The insights shared by industry experts like Dr. Venkita Subbulakshmi and Dr. Ramanathan Vairamani left a lasting impact on the participants, inspiring them to envision new possibilities and pathways in the ever-evolving landscape of science and technology.

This event serves as a testament to the importance of knowledge exchange and partnership between academia and industry in driving innovation and progress in our knowledge-driven economy. The organizers and participants alike look forward to future endeavors that continue to bridge the gap between these two essential pillars of our knowledge ecosystem.

<b>Document ID:</b>	<b>MJC/MIC/2020/NW</b>	<b>Document Name:</b>	<b>Report</b>
<b>Academic Year:</b>	<b>2020-2021</b>	<b>Date:</b>	<b>12-06-2020 &amp; 13-06-2020</b>

The Department of Microbiology organized a two day national webinar on INDUSTRY EPERTS on 12-06-2020 & 13-06-2020. The event witnessed more than 200 participants from various colleges including students, faculty members and research scholars pertaining to the field of Microbiology.

The first day session was presided by Dr. Venkita Subbulakshmi – founder and MD of Dharti healthcare and technologies Pvt. Ltd Bangalore. She spoke on the boundless opportunities for life science graduates. She highlighted that recent scientific advancements have led to a brilliant growth in Pharma and Biotechnology industry. Her talk covered the areas of Molecular Pharming, Nanotechnology, Cell and Gene therapy, Gene expression profiling, Stem Cell research, Applications of micro RNA in Cancer therapeutics and Genotyping Technologies.

Day 2 of the webinar witnessed a mind-blowing talk by Dr. Ramanathan Vairamani- Chief Technology Innovation, Rallis India Ltd. He elaborated on the effects of genetically modified crops on health. It was amazing to know about the evolution of crops. He validated on the use of genetically modified crops for sustainable agriculture and to increase the productivity even under various biotic and abiotic stress conditions. He also explained about the regulatory approval process for the environmental release of genetically engineered plants.
