SAI IAS

About Us

A group of bureaucrats and others who aspired for more number of Civil Servants **from** the southern part of the country came together and started coaching & guiding activities for aspiring and deserving candidates. SAI IAS was established in the beginning of year 2015 with an ambition of being a benchmark institution in ensuring excellence in all the competitive exams of the country. This would be achieved by providing ample study facilities and effective coaching to aspirants of UPSC, SSC, IBPS, RRB, TNPSC – GROUP I & II Services etc. We are now proud of the fact that, in this short span of time, SAI IAS has evolved into a unique model academy in providing excellent coaching to aspirants striving year after year, in pursuit of a single goal of highly sought after career goal of becoming a Civil Servant.

SAI IAS academy provides a fraternal atmosphere, in which the students are seasoned by a team of committed, effective, ingenious and gifted core faculty. Here every student experiences a gurukul approach which ensures depth of knowledge, cognition of concepts and widening his/her perspective. Here each member is treated as a personality and not a mere aspirant.

The aim is to set the aspirants free from the rigidities of bland, highly ritualized, and just exam oriented preparation, they have so far experienced in universities; where there is a lot of teaching but very little learning.

Our effort is not only to endow the students with a road-map to effective learning but also to reassure them with our motivating guidance during their journey to success. In a nutshell, as opined by our students, SAI IAS provides the students an experience which is not just innovative but also unique.

Mission & Vision

We aspire to be a part of nation building by nurturing our students and ensuring that they are not just mere participants in classrooms, but qualified to be co-creators and empowered agents with a sense of responsibility who can not only be successful in the country's toughest exam of the highest order but also take up the immense role of being a Civil Servant.

In addition to imparting knowledge of the concerned subjects, SAI IASacademy lays great emphasis on ethics, social responsibility and leadership development so as to ensure that our

STEEL PILLARS of tomorrow do not corrode, suffer from moral and ethical bankruptcy.

Our Pedagogy

Preparations for the university examinations are completely differ from preparation for civil services. An aspirant of the Civil Services Examination does not have much time at his disposal. He needs to be a smart player with the right skill set. The first way to knock

the door of success is to find 3R's: Right materials, Right approach and the Right nuances for the examination.

Apart from this, a dedicated systematic preparation for about one year will instil the requisite confidence to crack the Civil Services Exam.

Very few candidates prepares as required above, Hence, SAI IAS emphasizes on the right methodology of preparation, the right and comprehensive approach required to tackle the questions of UPSC standard and evoking their interest in the various areas of awareness, understanding, knowledge and action. All these dimensions of guidance would be presented as the special faculty talk to the students during the various sittings as per schedule.

Apart from these guiding lectures of the faculty, there will be work sheet modules to be completed by the students before attempting SAI IAS test series which is compulsory. Once the worksheets are completed, it will give the aspirants conceptual clarity in the respective subjects and provide greater confidence to approach the test series. Finally, the aspirants are made to go through tests every week-end. A review of these tests will be done by the concerned teachers in the sittings that are scheduled, wherein the mistakes will be thrashed out and ways of improvement will be discussed. Thus, help eliminating same mistakes in the ensuing tests.

What SAI IAS has in its repertory is not a bag of tricks or short cuts. Instead, what it aims at is to help its aspirant get clarity and understanding of the basic concepts which they have superficially studied as part of their curriculum in

school days. While many institutes elaborate the importance of NCERT, we at SAI IAS deliver the actual concept clarity of NCERT. There will be no foolhardy effort to acquire an encyclopedic range of knowledge in a short-while. The approach would, therefore, be to develop a higher degree of intellectual clarity and critical ability to learn new concepts and ideas better and faster.

NCERT Classes

Why SAI IAS

Preliminary exam is a screening process which tests basic knowledge of a candidate. NCERT books act as a fundamental baseline for all subjects. A student who has comprehensive view on NCERT books will take Preliminary exam confidently than others. Hence we concentrate on the completion of NCERT studies.

Though NCERT is basic, we need not to study all books from the publishers. We shall guide the students what to learn and what not to read, which saves our precious time for preparation.

Classes will be held continuously for our students. To break the monotonous nature of the classes, an interactive session will be a freshener. Worksheet provides the much needed alternative view in a class.

Worksheet will have multiple choice questions from the section that is to be handled for the day. Students after working out the set of questions will be more active in countering the subject, thereby mastering it with much ease.

Current Affairs

In competitive exams, apart from basic subject knowledge the next important area to be concentrated is current affairs. Not only in Civil Services, but also in other competitive exams, current affairs play a major role in deciding the eligibility. For the past 3 years, trend of questions is shifting towards current affairs. Thus mere concentration on static areas doesn't help even hardworking aspirant to crack the exam.

We are linking the subjects with current affairs to tackle the cutting edge questions, which make the aspirant to stand out from the crowd.

We have a monthly current affairs magazine - CIVIL SERVICE DIGEST (CSD), which will cater the needs of the students in their area, paving way to clear the preliminary hurdle easily.

Map reading

An essential trait of an administrator is evaluating his surrounding, leaving a sound knowledge of the resources to improve making plans for the wellbeing of the people. These qualities can be achieved by proper understanding of the geography of his area. For this one important tool is map. By qualitative analysis of the physical and political maps of India and world, our students will become a better administrator.

Our expert staffs will provide the essentials of map reading and make our students excel in this part.

Course materials

Our materials are meticulously prepared with due care by the panel of experts who are having more than 30+years of experience in handling UPSC.
